The Commission de Surveillance du Secteur Financier ("CSSF") is responsible for supervising the Product and BNPP AM Luxembourg.

**Date of production of the KID:** 15/12/2025

## WHAT IS THIS PRODUCT?

### Type

This Product is an undertaking for collective investment in transferable securities (UCITS) qualifying as an exchange-traded fund (ETF). It is a sub-fund of BNP PARIBAS EASY, an open-ended investment company (société d'investissement à capital variable "SICAV") governed by the provisions of Part I of the Luxembourg Law of 17 December 2010 (the "2010 Law") relating to undertakings for collective investment as well as by UCITS Directive 2009/65.

### Term

This Product has no maturity date.

BNPP AM Luxembourg is not entitled to terminate the Product unilaterally. The board of directors of the SICAV has the authority to decide on the merger, split, liquidation or the closure of the sub-fund. Furthermore, the SICAV may be wound up by decision of an extraordinary general meeting of shareholders.

### Objectives

The Product's investment universe consists of the securities of the Bloomberg Euro Aggregate Corporate Index (LECPTRU Index) (the "Benchmark Index"). To achieve its investment objective, the Product implements a strategy (the "Strategy") which (i) applies a binding and significant ESG integration approach based on ESG criteria such as, but not limited to, energy efficiency, respect of human and workers' rights, board of directors independence, and improves its ESG profile while aiming at reducing its environmental footprint, as measured by greenhouse gas (GHG) intensity, compared to the Benchmark Index, and (ii) aims at achieving a comparable performance versus the one of the Benchmark Index (as opposed to outperforming the latter).

The Strategy is constructed to select securities to consistently achieve especially the following targets:

- a portfolio's ESG score higher than the ESG score of the Benchmark Index after eliminating at least 30% of securities based on ESG Scores ("rating improvement approach")
- exclusions applied to the sub-fund ,
- a minimum proportion of 95% of sustainable investments as defined as defined in Article 2 (17) of SFDR, and
- a portfolio's GHG intensity lower than the GHG intensity of the Benchmark Index.

The Strategy may be partially composed of green and/or social and/or sustainability bonds.

The Product will invest at least 90% of its assets in fixed rate euro-denominated debt securities comprised in the Benchmark Index and with an investment grade credit rating.

The extra-financial analysis coverage is at least 90% of the assets of the Product (excluding ancillary liquid assets) and is based on the BNP PARIBAS ASSET MANAGEMENT proprietary extra-financial framework.

Furthermore, the Strategy does not select companies that do not comply with the BNP PARIBAS ASSET MANAGEMENT Responsible Business Conduct ("RBC") Policy based on 1) norms-based screens, such as the UN Nations Global Compact principles and OECD Guidelines for Multinational Enterprises, and 2) BNP Paribas Asset Management sector policies.

The universe of the Product's portfolio holdings consists of the components of the Benchmark Index. However, consequently to the application of the ESG integration approach, their weightings may deviate from those of the Benchmark Index and the Product may not invest in some Benchmark Index components. As such, the Product is actively managed.

An extra-financial strategy may comprise methodological limitations such as the ESG Investment Risk as defined by the asset manager.

To aim at achieving a comparable performance versus the one of the Benchmark Index, the sub-fund applies tracking-error, sector and duration controls towards the Benchmark Index.

Incomes are systematically reinvested.

Investors are able to redeem on a daily basis (on Luxembourg bank business days) as described in the prospectus.

### Intended retail investors

This Product is designed for investors who have neither financial expertise nor any specific knowledge to understand the Product but nevertheless may bear a total capital loss. It is suited for clients who seek growth of capital. Potential investors should have an investment horizon of at least 3 years.

### Practical Information

- **Depository:** BNP PARIBAS, Luxembourg Branch
- This key information document is prepared for the aforementioned share class and describes a sub-fund of BNP PARIBAS EASY. Further information about the Product is contained in the prospectus and periodical reports which are issued at the level of the SICAV. Under the 2010 Law, there is segregated liability between sub-funds, meaning that the assets of the sub-fund will not be available to meet a claim of a creditor or another third-party made against another sub-fund.
- Further information about the Product including the latest prospectus, Articles of Association, key information document, net asset values, latest published prices of share(s), periodical report, investment description, may be obtained free of cost, in English, from BNPP AM Luxembourg or online at <https://www.bnpparibas-am.com>.

## WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

## Risk Indicator

The risk indicator assumes you keep the Product for 3 years.

You may not be able to sell your Product easily or you may have to sell at a price that significantly impacts on how much you get back.

The summary risk indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 2 out of 7, which is a low risk class. The risk category is justified by the investment mainly in interest rate instruments. The investor's attention is drawn to the fact that an increase in interest rates results in a decrease in the value of investments in bonds and debt instruments and more generally fixed income instruments.

**Be aware of currency risk.** If the currency of your account is different from the currency of this Product, the payments you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator:

- Credit risk: the risk that the creditworthiness of an issuer may deteriorate or that it may default, potentially causing the value of the associated instruments to fall.
- Operational risk: in the event of an operational breakdown within the management company, one of its representatives or the depositary, investors could face various disruptions (late payment, delivery etc.).

For additional details regarding the risks, please refer to the prospectus.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

## Performance Scenarios

The figures shown include all the costs of the Product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios presented represent examples using the best and worst performance, as well as the average performance of the Product and/or appropriate benchmark over the last 10 years. The markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

**Recommended holding period: 3 years**

**Example Investment: EUR 10,000**

**If you exit after 1 year**

**If you exit after 3 years**

## Scenarios

<b>Minimum</b>	There is no minimum guaranteed return. You could lose some or all of your investment.		
<b>Stress</b>	<b>What you might get back after costs</b> Average return each year	8,470.84 EUR -15.29%	7,911.35 EUR -7.51%
<b>Unfavourable</b>	<b>What you might get back after costs</b> Average return each year	8,470.84 EUR -15.29%	8,603.21 EUR -4.89%
<b>Moderate</b>	<b>What you might get back after costs</b> Average return each year	10,226.31 EUR 2.26%	10,426.26 EUR 1.40%
<b>Favourable</b>	<b>What you might get back after costs</b> Average return each year	10,943.45 EUR 9.43%	11,780.33 EUR 5.61%

The below scenarios occurred for an investment using a suitable proxy.

The favorable scenario occurred for an investment between 2022 and 2025.

The moderate scenario occurred for an investment between 2015 and 2018.

The unfavorable scenario occurred for an investment between 2019 and 2022.

## WHAT HAPPENS IF BNPP AM LUXEMBOURG IS UNABLE TO PAY OUT?

The SICAV is incorporated as a separate entity distinct from BNPP AM Luxembourg. In the event BNPP AM Luxembourg would default, the assets of the Product/SICAV, held by a depositary, would not be affected by this default.

In case of default of the depositary, the risk of financial loss of the Product/SICAV is mitigated by the legal segregation of the assets of the depositary from those of the Product/SICAV.

## WHAT ARE THE COSTS?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

## Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year, you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
<b>Total Cost</b>	27.85 EUR	87.35 EUR
<b>Annual Cost Impact (*)</b>	0.28%	0.28% each year
(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 1.68% before costs and 1.40% after costs.		
<b>Composition of costs</b>		
<b>One-off entry or exit costs</b>	<b>If you exit after 1 year</b>	
<b>Entry costs (*)</b>	We do not charge an entry cost.	
<b>Exit costs (*)</b>	We do not charge an exit cost.	
<b>Recurring costs levied annually</b>		
<b>Management costs and other administrative and operating costs</b>	0.18% of the value of your investment per year. The amount is based on an estimate of the charges that will be taken out of your money.	
<b>Transaction costs</b>	0.09% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount may vary. This figure is therefore indicative and may be revised upwards or downwards.	

<b>Incidental costs taken under specific conditions</b>		
<b>Performance fees</b>	There is no performance fee for this Product.	0 EUR
(*) We do not charge an entry or exit cost on the secondary market. Retail investors who are neither authorised participants nor authorised investors will indeed generally be able to buy or sell shares only on the secondary market where shares of the Product are traded with the assistance of an intermediary (e.g. a broker). In this case, those investors may incur fees and costs which are payable to the intermediary but not charged by the Product itself or its Manufacturer. You can find this out from your financial adviser. It shall be noted that the prospectus describes the maximum costs applicable on the primary market usually for authorised participants and authorised investors and/or in exceptional circumstances.		
Conversions not allowed.		

## HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

### Recommended holding period ("RHP"): 3 years.

The RHP has been defined and based on the risk and reward profile of the Product.

Investors are able to redeem on a daily basis (on Luxembourg bank business days) as described in the prospectus.

Any redemption occurring before the end of the RHP may adversely impact the performance profile of the Product. The Product has a share redemption cap scheme that allows redemption requests to be postponed in exceptional circumstances and in accordance with the conditions set out in the Product's prospectus.

In addition, the investor's subscription or redemption order may be subject to an anti-dilution levy (maximum 1.5% for subscription and maximum 1% for redemption) paid to the sub-fund in order to cover transaction costs.

## HOW CAN I COMPLAIN?

For any claim, you are invited to contact your usual relationship manager that advised you on the Product. You can also contact BNPP AM Luxembourg, as described on its website [www.bnpparibas-am.lu](http://www.bnpparibas-am.lu) (Footnote 'Complaints management policy'), by sending an email to [amlu.complaints@bnpparibas.com](mailto:amlu.complaints@bnpparibas.com) or by writing to BNPP AM Luxembourg - Client Services - 60, avenue John F. Kennedy L-1855 Luxembourg.
