Product price performance

*Past performance is not indicative of future performance. The ETP NAV is determined at 4.00 pm (London time) of each business day, and represents the value of one unit. The benchmark index data is procured from the Compass Crypto Reference Index Bitcoin. This data is provided ‘as is’, solely for your informational purposes. The performance of the benchmark index is based on both historical data and backtest data. The returns do not take the impact of the expenses from the brokerage on the secondary market for buying and selling the Securities, nor do they reflect the deduction of the taxes that may be applicable to the investor.
