FUND OVERVIEW

The Fund seeks to track the performance of an index composed of the 100 largest UK companies

KEY BENEFITS

- 1. Exposure to the 100 largest UK listed companies
- 2. Globally diversified growth through large UK based sector leading companies
- 3. Use at the core of a portfolio to seek long-term growth

RISK INDICATOR

CAPITAL AT RISK: The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

KEY RISKS:

- Investment risk is concentrated in specific sectors, countries, currencies or companies. This means the Fund is more sensitive to any localised economic, market, political, sustainability-related or regulatory events.
- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.
