OSSIAM SHILLER BARCLAYS CAPE EUROPE SECTOR VALUE TR UCITS ETF 1C (EUR)

STRATEGY DESCRIPTION

The Shiller Barclays CAPE® Europe Sector Value strategy is a systematic value oriented approach, based on Professor Robert Shiller's research. The strategy offers European equity exposure through a sector selection approach based on the Cyclically Adjusted Price-to-Earnings (CAPE®) ratio in order to select potentially undervalued sectors. The strategy is designed to offer large cap equity market exposure with a value bias, and is suitable for buy-and-hold investors with a multi-year time horizon.

Key benefits:

- Exposure to European equities through a sector selection approach based on the CAPE® ratio
- A widely used valuation metric created based on the works of Professor Shiller
- An investment process seeking to identify sectors potentially undervalued in the long term

Barclays Bank PLC and its affiliates ("Barclays") is not the issuer or producer of the Ossiam Shiller Barclays CAPE® US Sector Value TR, the Ossiam Shiller Barclays CAPE® Europe Sector Value TR or the Ossiam ESG Low Carbon Shiller Barclays CAPE® US Sector UCITS ETF (collectively, the "Products") and Barclays has no responsibilities, obligations or duties to investors in the Products except in connection with their distribution pursuant to an agreement with Ossiam. The Shiller Barclays CAPE® US Sector Value Net TR index and the Shiller Barclays CAPE® Europe Sector Value Net TR index (collectively, the "Indices") are trademarks owned, or licensed for use, by Barclays Bank PLC and are licensed for use by Ossiam Lux and/or Ossiam IRL as the "Issuer(s)" of the Products. While Ossiam Lux and/or Ossiam IRL, as the Issuers of the Products, and for their own account, execute transaction(s) with Barclays in or relating to the Indices in connection with the Products, investors acquire the Products from Ossiam Lux and/or Ossiam IRL and investors neither acquire any interest in the Indices nor enter into any relationship of any kind whatsoever with Barclays upon making an investment in the Products. The Products are not sponsored or endorsed by Barclays and Barclays makes no representation regarding the suitability or advisability of the Products or use or referencing of the Indices (including, without limitation, any selection or filtering process applied by Ossiam in relation to the Indices (or any components or constituents thereof) in connection with any ESG-related Products that are actively managed by Ossiam) or any data included therein except in connection with their distribution pursuant to an agreement with Ossiam. Barclays shall not be liable in any way to the Issuer, investors or to other third parties in respect of the use or accuracy of the Indices or any data included therein.

With regard to any ESG-related Products, neither Barclays nor RSBB-I LLC has provided any input into the ESG or low carbon methodologies or ratings applied by Ossiam in connection with such Products, and neither Barclays nor RSBB-I LLC therefore makes any representation in respect of the accuracy, validity or suitability of such ESG or low carbon methodologies or ratings. The Product does not constitute investments which fund an ESG-related project, but rather only provides exposure to certain underlying index constituents based on the ESG filtering methodology and ratings applied by Ossiam. The composition of the underlying assets referenced by the Product (including the constituents of the Index) may vary over time. It is important to note that overall ESG scoring is influenced by a number of factors and, as a result, for example, a higher score on environmental factors may offset a lower score on social factors, or vice-versa.

Barclays notes that there is currently no globally accepted framework or definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, an "ESG" (Environmental, Social or Governance), "green", "sustainable", "climate-friendly" or an equivalently-labelled product, or as to what precise attributes are required for a particular investment, product or asset to be defined as "ESG", "green", "sustainable", "climate-friendly" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time.

Barclays does not make any representation or assurances as to the investment, product, index or asset's ESG performance, alignment or compliance with any regulatory regime or with any affiliate or third-party assessment, nor any future ESG performance, alignment or compliance with any regulatory regime or with any affiliate or third-party assessment. Neither does Barclays make any representation or assurances that the investment, product or asset will meet any or all investor or user objectives or expectations regarding any relevant "ESG", "green", "sustainable" or other equivalently labelled objectives, or that any adverse environmental, social and/or other impacts will not occur, therefore there can be no assurance as to the viability of the investment, index, product or asset for ESG purposes. Any questions as to the viability of the investment, product, index or asset for ESG purposes may limit the liquidity and adversely affect the market value of the investment, product or asset or in the case of indices, any investments, products or assets that use such indices. Any sustainability features, impact investment criteria or other ESG characteristics may themselves limit the liquidity or adversely affect the market value of the investment, product or asset or in the case of indices, any investments, products or assets that use such indices.

Barclays has not conducted any assessment of the investment, product, index or asset for compliance with EU Sustainable Finance Disclosures Regulation classification purposes, EU Taxonomy Regulation classification purposes, or equivalent classification regimes ("Classification Regimes") or otherwise considered them for these purposes. Investors, users and other relevant persons are reminded that they would need to make their own assessments for these purposes and Barclays shall bear no responsibility or liability in that regard.

The information and data contained or referred to herein has been provided by a third-party. Barclays neither represents that any third-party ESG information or data is accurate or complete, nor that Barclays has (itself or via a third-party) taken any steps to independently or otherwise verify such information and data. Accordingly, Barclays does not accept any liability whatsoever for any direct, indirect or consequential loss arising from any actions or inactions undertaken in reliance on the information or any other content contained herein or in relation to determinations made under the Classification Regimes by investors, users and other relevant persons.

Investors, users and other relevant persons are reminded that differences in opinion are possible. Different persons (including third-party data providers, investors and other financial institutions) may interpret and apply different criteria, including through use of internal methodologies, and arrive at different conclusions regarding the investment, index, product or asset.

Investors, users and other relevant persons are advised to obtain their own independent financial, legal, regulatory, tax or other advice as necessary in order to make their own investment decision as to whether the index, investment, product or asset meets their needs and make their own determination as to the index, investment, product or asset and future of the index, investment, product or asset, including ESG performance, ESG alignment, and alignment to or compliance with any regulatory regime (including without limitation, the Classification Regimes).
