Directors' Report

The Directors present herewith their annual report and Financial Statements for the financial year ended 31 March 2026.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with Irish law.

Irish law requires the Directors to prepare financial statements giving a true and fair view of the Company's assets, liabilities and financial position at the end of the financial year and the profit or loss of the Company for the financial year. Under that law the Directors have prepared the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union (the "EU").

Under Irish law the Directors shall not approve the financial statements unless they are satisfied that they give a true and fair view of the Company's assets, liabilities and financial position as at the end of the financial year and of the profit or loss of the Company for the financial year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with IFRS and ensure that they contain the additional information required by the Companies Act 2014; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The financial statements have been prepared on a going concern basis as the Directors are of the view that the Company can continue in operational existence for period of at least twelve months from the date of approval of these financial statements (the period of assessment). The Directors anticipate the financial assets will continue to generate enough cash flows on an ongoing basis to meet the Company's liabilities as they fall due.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Company;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Company to be determined with reasonable accuracy; and
- enable the Directors to ensure that the financial statements and Directors' report comply with the Companies Act 2014 and enable those financial statements to be audited.

The Directors are responsible for safeguarding the assets of the Company. In this regard they have entrusted the assets of the Company to State Street Custodial Services (Ireland) Limited ("the Depositary") who has been appointed as Depositary to the Company pursuant to the terms of a Depositary Agreement. The Directors have a general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities.

The financial statements are published on the [ssga.com](https://www.ssga.com) website. The Directors, together with the Investment Manager are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

This Annual Report and Audited Financial Statements (the "Reports and Accounts") may be translated into other languages. Any such translation shall only contain the same information and have the same meaning as the English language Report and Accounts. To the extent that there is any inconsistency between the English language Report and Accounts and the Report and Accounts in another language, the English language Report and Accounts will prevail, except to the extent (and only to the extent) that it is required by law of any jurisdiction where the shares are sold, that in an action based upon disclosure in a Report and Accounts in a language other than English, the language of the Report and Accounts on which such action is based shall prevail. Any disputes as to the terms of the Report and Accounts, regardless of the language of the Report and Accounts, shall be governed by and construed in accordance with the laws of Ireland.

Relevant Audit Information

Insofar as the Directors are aware, there is no relevant audit information of which the Company's auditors are unaware and the Directors have taken all the steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Accounting Records

The Directors ensure compliance with the Company's obligation to maintain adequate accounting records by appointing competent persons to be responsible for them. The accounting records are kept by State Street Fund Services (Ireland) Limited, at 78 Sir John Rogerson's Quay, Dublin D02 HD32, Ireland.

Review of Business and Future Developments

The Company is an open-ended investment company with variable capital which has been authorised by the Central Bank under the UCITS Regulations. The principal activities and investment objectives of the Funds are outlined in the Background to the Company. A market summary and Fund performance are included under the Investment Managers' Reports.

Details of Net Asset Value and Net Asset Value per share are set out in each Fund's Statement of Financial Position and the Total Expense Ratio is set out in Note 3.

Directors' Report (continued)

Review of Business and Future Developments (continued)

There was no change in the nature of the Company's business during the financial year and the Directors do not anticipate any change in the structure or investment objectives of the Company.

Risk Management Objectives and Policies

The main risks arising from the Company's financial instruments are market risk, interest risk, liquidity risk and credit risk. Non financial risks would include management risk, market disruption/geopolitical risk, commodities risk, concentration risk, conflicts of interest risk and current unrest in the Middle East. For further information on risk management objectives and policies, please see Note 11 of these financial statements and the Prospectus and Supplements of the Company. For the impact of the Middle East conflict please see Note 18.

Corporate Governance Statement

The Company is subject to the requirements of the Companies Act 2014, as amended, and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended), the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

The Directors have evaluated the measures set out in the voluntary Corporate Governance Code for Collective Investment Schemes and Management Companies, as published by Irish Funds (the "Corporate Governance Code") and have adopted all governance practices and procedures of the code with effect from 25 July 2013. The Directors are satisfied that for the year ended 31 March 2026, the Company's governance framework remained in compliance with the Corporate Governance Code.

A copy of the Corporate Governance Code is available at <https://files.irishfunds.ie/1432820468-corporate-governance-code-for-collective-investment-schemes-and-management-companies.pdf>.

Internal Control and Risk Management Systems in Relation to Financial Reporting

The Board is responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board has procedures in place to ensure that all relevant accounting records are properly maintained and are readily available, including production of annual and half yearly financial statements. The Management Company has appointed State Street Fund Services (Ireland) Limited (the "Administrator") on the Company's behalf to maintain the books and records of the Company. The Administrator is authorised and regulated by the Central Bank and must comply with the rules imposed by the Central Bank. From time to time, the Management Company examines and evaluates the Administrator's financial accounting

and reporting routines. The annual financial statements of the Company are produced by the Administrator and reviewed by the Investment Manager. They are required to be approved by the Board, and the annual and half yearly financial statements of the Company are required to be filed with the Central Bank.

During the financial year of these financial statements, the Board was responsible for the review and approval of the financial statements as set out in the Statement of Directors' Responsibilities. The statutory financial statements are required to be audited by independent auditors who report annually to the Board on their findings. The Board monitors and evaluates the independent auditors' performance, qualifications and independence. As part of its review procedures, the Board receives presentations from relevant parties including consideration of IFRS accounting standards and their impact on the annual financial statements, and presentations and reports on the audit process. The Board evaluates and discusses significant accounting and reporting issues as the need arises.

Dealings with Shareholders

The convening and conduct of Shareholders' meetings are governed by the Articles of Association of the Company and the Companies Act 2014. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors were required to convene the first annual general meeting ("AGM") of the Company within eighteen months of incorporation and fifteen months of the date of the previous AGM thereafter, provided that an AGM is held within six months of the end of each financial year of the Company.

At least twenty-one clear days' notice of every AGM and any meeting convened for the passing of a special resolution must be given to Shareholders and fourteen days' notice must be given in the case of any other general meeting, unless the auditors and all the Shareholders of the Company entitled to attend and vote, agree to shorter notice. Two Shareholders present either in person or by proxy, constitutes a quorum at a general meeting. The share capital of the Company is divided into different classes of shares. The rights attached to any Class or Fund (unless otherwise provided by the terms of issue of the Shares of that Class or Fund or unless otherwise provided herein) may, whether or not the Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued Shares of that Class or Fund, or with the sanction of an Extraordinary Resolution passed at a separate general meeting of the holders of the Shares of that Class or Fund, to which the provisions of the Articles relating to general meetings shall mutatis mutandis apply, save that, where a Class or Fund has only one Shareholder holding voting Shares, the quorum at any such general meeting shall be one Shareholder holding voting Shares in such Class or Fund or one Subscriber Shareholder, present either in person or by proxy. Notwithstanding anything to the contrary contained in the Articles, a Subscriber Shareholder shall be entitled to receive notice, in accordance with the provision of article 19 of the Articles, of any general meeting of a Class or Fund. However, the Subscriber Shareholders shall only be entitled

Directors' Report (continued)

Dealings with Shareholders (continued)

to vote at an adjourned general meeting of a Class or Fund which has been adjourned in accordance with the provisions of the Articles.

Every holder of participating shares or non-participating shares present, in person or by proxy, who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present, in person or by proxy, is entitled to one vote in respect of each share held by him, and every holder of non-participating shares is entitled to one vote in respect of all non-participating shares held by him. At any general meeting, a resolution put to the vote of the meeting shall be decided on a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairperson or by any Shareholder present in person or by proxy.

Shareholders may resolve to sanction an ordinary resolution or special resolution at a Shareholders' meeting. Alternatively, a resolution in writing signed by all of the Shareholders and holders of non-participating shares for the time being entitled to attend and vote on such resolution at a general meeting of the Company, will be valid and effective for all purposes as if the resolution had been passed at a general meeting of the Company, duly convened and held.

An ordinary resolution of the Company (or of the Shareholders of a particular Fund or class of shares) requires a simple majority of the votes cast by the Shareholders voting, in person or by proxy, at the meeting at which the resolution is proposed. A special resolution of the Company (or of the Shareholders of a particular Fund or class of shares) requires a majority of not less than 75% of Shareholders present, in person or by proxy, and voting in a general meeting in order to pass a special resolution including a resolution to amend the Articles of Association of the Company.

Board Composition and Activities

In accordance with the Companies Act 2014 and the Articles of Association, unless otherwise determined by an ordinary resolution of the Company in a general meeting, the number of Directors may not be less than two or more than twelve. As at 31 March 2026, the Board is comprised of five non-executive Directors of whom three are independent. Details of the current Directors are set out below, under the heading "Directors".

The business of the Company is managed by the Directors, who exercise all such powers of the Company as set out by the Companies Act 2014 or by the Articles of Association of the Company required to be exercised by the Company in a general meeting.

The Board is responsible for the Company's overall direction and strategy, and to this end it reserves the decision making power on issues such as the determination of medium and long term goals, review of managerial performance, organisational structure and capital needs and commitments to achieve the Company's strategic goals. To achieve these responsibilities, the Board meets four times a year to review the operations of

the Company, address matters of strategic importance and to receive reports from the Management Company, Administrator and Depositary. However, a Director may, and the Company Secretary on the request of a Director will, at any time summon a meeting of the Directors and ad hoc meetings in addition to the four meetings as required.

Questions arising at any meetings of the Directors shall be decided by a majority of votes. In the case of an equality of votes, the Chairperson of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a second or casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

The board meetings have been well attended during the financial year ended 31 March 2026.

Diversity Report

With respect to diversity, the Company has no employees and the only individuals engaged directly by it are its Directors. When there is a vacancy on the Company's Board of Directors, the objective is to ensure that the Board is diversified with an appropriate mix as regards age, gender and educational/professional backgrounds, while achieving compliance by all individuals with regulatory requirements and an overall composition with the requisite experience and skills. The implementation of the Board's diversity policy includes reviews of the balance of skills, knowledge, experience and diversity on the Board as detailed in the Board's Succession Plan. Selection decisions taken by the Board in the period have been based on merit and followed a recruitment process that was fair and non-discriminatory.

Directors' Compliance Statement

In accordance with Section 225 of the Companies Act 2014, the Directors:

- acknowledge that they are responsible for securing the Company's compliance with its relevant obligations; and
- confirm that:
 - A compliance policy statement has been prepared setting out the Company's policies (that, in the Directors' opinion, are appropriate to the Company) for ensuring compliance by the Company with its relevant obligations;
 - An adequate structure is in place, that in the Directors' opinion, is designed to secure material compliance with the Company's relevant obligations; and
 - An annual review procedure has been put in place to review the Company's relevant obligations and ensure a structure is in place to comply with these obligations.

Results and Dividends

The results and dividends for the financial year are set out in the Statement of Comprehensive Income.

Events During the Financial Year

Please refer to Note 18 for significant events during the financial year.

*Independent Directors. All other Directors are non-independent Directors.

All the Directors are non-executive Directors.

The Directors' fees for the independent Directors during the financial year was USD 101,047 (31 March 2025: USD 134,514), the amount payable to the Directors at financial year end was USD 5,281 (31 March 2025: USD Nil).

Directors' and Secretary's Interests

The Board is not aware of any shareholding in the Company by any Director or Secretary during the financial years ended 31 March 2026 and 31 March 2025, or at the date of appointment.

Independent Auditor

Ernst & Young was appointed as external auditors on 23 September 2021. Ernst & Young has indicated its willingness to remain in office in accordance with Section 383 (2) of the Companies Act 2014 (as amended).

Political donations

There were no political donations made during the financial year ended 31 March 2026 or 31 March 2025.

Audit Committee

The company dissolved its Audit Committee on 9 December 2025. In accordance with Section 167 of Companies Act 2014, the Board of Directors of the Company has considered the requirement to establish an Audit Committee. Having regard to the current nature, scale, and complexity of the Company's operations, the Board has determined that it is not necessary to establish a separate Audit Committee at this time. The Board is satisfied that the existing governance framework provides effective oversight of the Company's financial reporting process, internal controls, risk management systems, and audit functions. These responsibilities are undertaken directly by the Board of Directors who remain ultimately responsible for oversight of financial reporting and internal controls. The Board of Directors will continue to review this position on a periodic basis to ensure that the Company's governance arrangements remain appropriate and in compliance with its obligations.

Dealings with Connected Persons

Regulation 43 (1) of the UCITS Regulations "Restrictions of transactions with connected persons" states that "A responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm's length; and b) in the best interest of the shareholders of the UCITS".

As required under UCITS Regulation 81.4, the Directors, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43 (1) are applied to all transactions with a connected persons; and all transactions with connected persons that were entered into during the financial year to which the report relates complied with the obligations that are prescribed by Regulation 43 (1).

Report of the Depositary to the Shareholders

We have enquired into the conduct of State Street Global Advisors Europe Limited as the Manager of the SSGA SPDR ETFs Europe I plc ('the Company') and into conduct of the Company itself for the financial year ended 31 March 2026, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the Shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ('the UCITS Regulations'), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the Shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that financial year in accordance with the provisions of the Company's Constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Constitution and the UCITS Regulations and (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the financial year, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48 (1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations'); and

(ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

Investment Managers' Report

Passive Fixed Income, Passive Equity and Active Equity Funds

Market Review

Global fixed income markets delivered positive returns between 1 April 2025 and 31 March 2026 (the "Reporting Period"), although the path was uneven and marked by a clear shift in market leadership between the first three quarters and the final quarter. The period began with weaker-than-expected growth data in parts of the developed world, easing inflation in several regions, and growing confidence that major central banks would continue the monetary easing cycle that had begun in 2024. That backdrop initially supported bond returns, particularly in spread sectors, as policy expectations moved lower and carry remained attractive. As the Reporting Period progressed, however, resilient activity data, fiscal concerns, tariff-related uncertainty, and rising term premia kept long-end government bond yields elevated despite lower policy rates. By the final quarter of the Reporting Period, the optimism that had supported markets through much of 2025 was increasingly challenged by heightened geopolitical tensions, a sharp rise in energy prices, and a broader risk-off turn in sentiment, resulting in wider credit spreads and renewed rates volatility.

Trade policy and geopolitics were important cross-market drivers throughout the year. Uncertainty around U.S. tariff policy remained a recurring source of volatility, first through reciprocal tariff announcements and sector-specific levies, and later through periods of negotiation, delay, and partial de-escalation. In Europe, fiscal developments also remained in focus, including Germany's infrastructure plans and broader defence-related spending expectations, which contributed to upward pressure on longer-dated yields. China continued to face a challenging domestic backdrop for much of the period, characterised by weak property demand, subdued inflation, and recurring policy support, although activity indicators improved intermittently. Into early 2026, geopolitical tensions in the Middle East and the associated surge in oil prices altered the market tone more decisively, pushing inflation expectations higher, reducing confidence in a smooth easing cycle, and driving a more defensive market environment.

Monetary policy nonetheless remained a defining feature of the Reporting Period. The U.S. Federal Reserve (the "Fed") ultimately reduced the federal funds target range by 75 basis points (the "bps") over the Reporting Period, with the first cut delivered in September 2025 and two further cuts in the final quarter of calendar 2025, before policy was held steady through the first quarter of 2026 at 3.50% to 3.75%. The European Central Bank (the "ECB") cut rates in April and June 2025 before pausing, leaving policy unchanged thereafter as it adopted a more neutral, data-dependent stance. Both the Bank of England and the Bank of Canada also followed an easing path over the period, before holding policy steady into early 2026. By contrast, the Bank of Japan continued to diverge from the broader developed market easing trend, ending the reporting period with its policy rate at 0.75% following further normalisation. Australia also diverged

late in the period, with the Reserve Bank of Australia shifting from earlier easing to two rate hikes in the first quarter of 2026 in response to persistent inflation and stronger demand.

Despite these policy cuts, government bond markets did not experience a uniform rally over the full Reporting Period. Global aggregate yields rose by 16 bps, from 3.62% at the start of April 2025 to 3.78% by the end of March 2026, while global treasury yields rose by 26 bps to 3.43%. The move higher in yields was more pronounced at the long end in several markets, reflecting fiscal supply concerns, rising term premia, and, later in the period, renewed inflation risk. The U.S. 10-year Treasury yield ended the Reporting Period at 4.32%, up 11 bps from the start. In Europe, the 10-year benchmark yield rose by 26 bps to 3.00%, while the UK 10-year gilt yield increased by 24 bps to 4.92%. Japan saw the largest upward adjustment, with the 10-year yield rising by 86 bps over the period to 2.35% as policy normalisation continued. Yield curves broadly steepened through much of 2025 as front-end rates adjusted lower on easing expectations, but that pattern partially reversed in early 2026 as rising energy prices and geopolitical risks led to flatter curves across most developed markets, with Japan a notable exception.

Against this backdrop, the Bloomberg Global Aggregate Index (USD hedged) returned 3.49% over the Reporting Period. Returns were positive across key sectors, although performance was led by spread products rather than sovereign duration. The securitised sector delivered 5.50%, outperforming both global corporates, which returned 4.67%, and global treasuries, which returned 2.45% over the Reporting Period. These outcomes reflected a combination of carry, tighter spreads through most of 2025, and only a modest deterioration in credit conditions until the final quarter. Currency also played a role. A weaker US dollar through much of 2025 supported unhedged returns, although some of that effect reversed in the first quarter of 2026 as the dollar strengthened amid a shift toward safer assets.

Credit markets were resilient for most of the Reporting Period, supported by still-favourable macro conditions, strong demand for carry, and a generally constructive risk backdrop through late 2025. Global Investment-Grade spreads, which began the period at 97 bps, tightened materially through the middle quarters and reached 78 bps by the end of September 2025 before ending the reporting period at 93 bps. This left spreads only modestly tighter overall, but the path was important: early tariff-related widening gave way to broad spread compression as easing progressed and risk appetite improved, before part of that tightening reversed in the first quarter of 2026. Regionally, US Investment-Grade spreads ended at 89 bps, Euro spreads at 97 bps, and Sterling spreads at 99 bps. High yield followed a similar pattern but with greater beta to the changing risk backdrop. US high yield spreads, which began the period at 347 bps, tightened sharply through 2025 and ended the Reporting Period at 317 bps, while European high yield spreads ended broadly unchanged at 329 bps after tightening materially in late 2025

and widening again in the final quarter. Lower-rated credits outperformed during the risk-on phases of the year, but that leadership faded as volatility rose and investors became more selective.

Emerging market (the "EM") debt also delivered strong results over the full Reporting Period, although performance became more differentiated as external shocks intensified. EM local currency debt returned 11.76%, benefiting from high real yields, broad disinflation for much of the period, and periods of US dollar weakness. EM hard currency debt returned 10.38%, supported by spread compression, renewed demand for income, and generally improving sentiment through late 2025. As elsewhere, however, the tone became more defensive in early 2026 as oil prices surged, geopolitical risks intensified, and investors reassessed the durability of global easing. Overall, the Reporting Period was characterised by positive fixed income returns, but also by a clear evolution in market drivers: from policy easing and carry-led gains to a more complex environment in which fiscal concerns, geopolitical risks, and higher term premia increasingly shaped outcomes across rates, curves, and credit.

Fund Performance

Passive Fixed Income Funds

Overall, the SSGA SPDR ETFs Europe I Plc Fixed Income performed reasonably closely in line with their respective benchmark indices over 1 year ending 31 March 2026. The Funds where performance tracking was wider than we would usually anticipate are explained wherever applicable.

Developed Market Government

Developed Market Government funds consist of both Treasury and Government-related exposures across Eurozone, U.S. and UK Gilt markets. All the funds delivered results within +/- 3 bps, well within their respective risk and performance tolerances, except for the following.

These funds invested in U.S. treasuries outperformed their respective benchmarks, majorly driven by evolving US economic conditions and market volatility across the yield curve segments induced by uncertainties during the reporting period.

State Street SPDR Bloomberg U.S. Treasury Bond UCITS ETF had a tracking difference of +17 bps relative to its benchmark. The fund's risk dimensions remained tightly aligned to the benchmark.

Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-outflow of USD 48.5 million, and its AUM decreased by around 11% during the Reporting Period.

State Street SPDR Bloomberg 1-3 Year U.S. Treasury Bond UCITS ETF had a tracking difference of +13 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark. Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-outflow of USD 55.6 million, and its AUM decreased by around 38% during the Reporting Period.

State Street SPDR Bloomberg 3-7 Year U.S. Treasury Bond UCITS ETF had a tracking difference of +15 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark. Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-outflow of USD 71.2 million, and its AUM decreased by around 38% during the Reporting Period.

State Street SPDR Bloomberg 7-10 Year U.S. Treasury Bond UCITS ETF had a tracking difference of +13 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark. Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-outflow of USD 13.5 million, and its AUM decreased by around 44% during the Reporting Period.

State Street SPDR Bloomberg 10+ Year U.S. Treasury Bond UCITS ETF had a tracking difference of +16 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark.

Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-inflow of USD 85.3 million, and its AUM increased from USD 50.8 million to USD 136.9 million during the Reporting Period.

State Street SPDR Bloomberg U.S. TIPS UCITS ETF had a tracking difference of +11 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark. Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-outflow of USD 101.1 million, and its AUM decreased by around 23% during the Reporting Period.

State Street SPDR Bloomberg Euro Government Bond UCITS ETF had a tracking difference of +11 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark with negligible sampling and trading-related impact. Security lending was also a positive contributor to the gross income. The fund had net-outflow of EUR 373.9 million, and its AUM decreased by around 23% during the Reporting Period.

State Street SPDR Bloomberg UK Gilt UCITS ETF had a tracking difference of +7 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark. Security selection was a positive contributor to gross tracking difference,

while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-inflow of USD 201.5 million, and its AUM increased by around 33% during the Reporting Period.

State Street SPDR Bloomberg 15+ Year Gilt UCITS ETF had a tracking difference of +5 bps relative to its benchmark. The fund risk dimensions remained tightly aligned to the benchmark. Security selection was a positive contributor to gross tracking difference, while the fund also saw positive trading related impact. Security lending added to the gross income. The fund had net-outflow of GBP 496.5 million and its AUM decreased significantly by around 67% during the Reporting Period.

Investment Grade (IG) Corporates

Investment grade (IG) corporate bond funds, covering exposures across U.S., euro and sterling markets, all tracked benchmark performance closely within +/-15 bps, except for the below.

State Street SPDR Bloomberg 10+ Year U.S. Corporate Bond UCITS ETF had a tracking difference of +33 bps relative to its benchmark. The fund risk dimensions remained aligned to the benchmark while sampling contributed nearly 20 bps to the positive gross tracking difference. Key sampling contributors were consumer non-cyclical +5.1 bps, consumer cyclical +2.7 bps, basic industry +2.7 bps and technology +2.6 bps. The fund also saw a positive trading related impact in the month. The fund had net-outflow of USD 17.3 million, and its AUM decreased from USD 82.0 million to USD 68.1 million during the Reporting Period.

Aggregates

Aggregate funds consist of a broad range of bond exposures covering Treasury, Government-Related, Corporate and Securitized. All of the funds delivered results within +/-10 bps, well within their respective risk and performance tolerances.

High Yield

The sub-investment grade (or high yield) funds invest in corporate bonds of a lower credit quality. Tracking tolerances are wider for these funds given the inherent volatility and lower liquidity of the asset class. Over the Reporting Period, the two funds in the high yield platform delivered results in excess of +/- 15 bps relative to their respective benchmarks.

State Street SPDR Bloomberg U.S. High Yield Corporate Scored UCITS ETF had a tracking difference of +41 bps relative to its benchmark. The fund's key risk dimensions remained aligned to the benchmark. Contribution to outperformance majorly came from sampling +36 bps, with the key sampling contributor being U.S. Industrials sector +37 bps, partially offset by detraction from U.S. Utility. Security selection contributed positively in most months of the review period spread across a wide range of issuers. The fund AUM decreased by 17% compared to the start of the review Reporting Period, with a net outflow of around USD 100 million.

State Street SPDR Bloomberg Euro High Yield Bond UCITS ETF had a tracking difference of +29 bps relative to its benchmark. The fund's key risk dimensions remained aligned to the benchmark. Contribution to outperformance majorly came from sampling +23 bps. The key sampling contributors were the EUR Industrial sector +23 bps and EUR Utility +2.4 bps, partially offset by detraction from EUR Financial Institutions -1.8 bps. Security selection contributed positively in most months of the review period spread across a wide range of issuers. The fund AUM decreased by 18% compared to the start of the review Reporting Period, with a net outflow of nearly EUR 134 million.

Emerging Markets

Emerging market funds also have wider risk and tracking tolerances, due to the higher volatility and lower liquidity inherent to the sector. Local currency debt funds generally have a greater tracking difference due to tax charges inherent to some local markets. The funds within the strategy delivered results within +/- 15 bps, well within their respective risk and performance tolerance, with the exception of State Street SPDR Bloomberg Emerging Markets Local Bond UCITS ETF.

State Street SPDR Bloomberg Emerging Markets Local Bond UCITS ETF had a tracking difference of -26 bps relative to its benchmark. Taxes paid by the fund detracted from performance by -28 bps. Tax deductions majorly came from Brazil -11 bps, Indonesia -7 bps, India -6 bps and Philippines -5 bps. Detraction from sampling amounted to -3 bps. Key sampling detractors was India -2 bps. Trading costs detracted from performance by -2.8 bps. The residual tracking difference came from pricing and interest accrual differences between the index provider and the internal attribution system, which tends to reverse in future.

Passive Equity Funds

There were two new ETFs launched over the Reporting Period: SPDR S&P 400 U.S. Mid Cap Leaders UCITS ETF and SPDR S&P Europe Quality Aristocrats UCITS ETF.

Most of the Equity Sub-Funds were within the anticipated deviation bands of their respective indices, on an annual and since inception basis.

All the funds were within the anticipated 1 year annual ex-post tracking error number. However, it should be noted that 1-year ex-post tracking error is a short period to understand whether a fund is within acceptable tolerance, a 3-year figure is more in line with industry standards.

Additional information is provided on Funds where the tracking difference was +/- 0.10% on a gross-of-fees basis or where the one-year tracking error may be perceived to be high. Over the annual Reporting Period:

The State Street SPDR MSCI All Country World Investable Market UCITS ETF's outperformance (0.39%) is mainly due to security misweights and tax-withholdings.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFs EUROPE I PLC

Report on the audit of the financial statements

Opinion

We have audited the financial statements of SSGA SPDR ETFs Europe I plc ('the Company') for the year ended 31 March 2026, which comprise the Company Statement of Financial Position, Company Statement of Comprehensive Income, Company Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, Company Statement of Cash Flows and notes to the financial statements, including the material accounting policy information set out in note 1. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2026 and of its profit for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard for Auditors (Ireland) as applied to public interest entities issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the Company's ability to continue to adopt the going concern basis of accounting included:

- Confirming our understanding of management's going concern assessment process and also engaged with management to understand the key factors which were considered in their assessment;

Conclusions relating to going concern (continued)

- Obtaining management's going concern assessment, which covers a year from the date of approval of the financial statements;
- Reviewing and evaluating the reasonability of the key factors considered by management in making their assessment of going concern including consideration of the availability of liquid assets to meet ongoing operational costs and known future capital activity in the Company. In assessing these, we obtained and reviewed the liquidity terms which the Company offers to investors together with reviewing post year-end capital activity and corroborated through enquiry of management as to whether there are any subsequent events, including Company performance, that might give rise to conditions which could lead management to discontinue the operations of the Company.
- Reviewing the Company's going concern disclosures included in the annual report in order to assess that the disclosures were appropriate and in conformity with the reporting standards.

Conclusion

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Risk	Our response to the risk	Key observations communicated to the Board of Directors
Existence of financial assets and financial liabilities at fair value through profit or loss We have considered existence of financial assets at fair value through profit or loss (with a fair value of USD 115,809,150,508 (2025: USD 86,268,500,318)) and financial liabilities at fair value through profit or loss (with a fair value of USD 217,696,155 (2025: USD 35,453,944)) as a key audit matter as it is a key driver of the Company's performance and net asset value. Refer to Note 1 and Note 12 in the financial statements.	We assessed the reasonableness of the existence for all financial assets and financial liabilities at fair value through profit or loss by: ▶ Obtaining the Service Organisation Controls ('SOC1') report for State Street Fund Services (Ireland) Limited, including the report of their independent accountants thereon and gained an understanding and evaluated the design, implementation and operating effectiveness of controls over the reconciliation process for financial assets and financial liabilities at fair value through profit or loss. ▶ Checking that material reconciling items are valid reconciling items and obtaining supporting documentation and checking whether they were resolved in an appropriate time. ▶ Agreeing financial assets and financial liabilities at fair value through profit or loss held within the depositary network to an independently obtained depositary confirmation. ▶ Agreeing financial assets and financial liabilities at fair value through profit or loss held outside the depositary network, to independent counterparty confirmations or post year end bank statements.	No issues have been noted from the performance of our procedures over this key audit matter.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SSGA SPDR ETFs EUROPE I PLC (CONTINUED)

Our application of materiality

We apply the concept of materiality in planning and performing the audit, in evaluating the effect of identified misstatements on the audit and in forming our audit opinion.

Materiality

Materiality is the magnitude of an omission or misstatement that, individually or in the aggregate, could reasonably be expected to influence the economic decisions of the users of the financial statements. Materiality provides a basis for determining the nature and extent of our audit procedures.

We determined materiality for the Company to be 0.5% (2025: 0.5%) of each of the Company's funds' Net Asset Value. We believe that Net Asset Value provides us with the appropriate measurement basis since the users of the financial statements may focus more on this than earnings.

During the course of our audit, we reassessed initial materiality and made no changes to it.

Performance materiality

Performance materiality is the application of materiality at the individual account or balance level. It is set at an amount to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality.

On the basis of our risk assessments, together with our assessment of the Company's overall control environment, our judgement was that performance materiality was 75% (2025: 75%) of our planning materiality. We have set performance materiality at this percentage due to our assessment of the risk of misstatements, both corrected and uncorrected; our knowledge of the Company and industry; effectiveness of the control environment and our assessment of the risks associated with the engagement.

Reporting threshold

Reporting threshold is an amount below which identified misstatements are considered as being clearly trivial.

We agreed with the Board of Directors that we would report to them all uncorrected audit differences in excess of 5% of planning materiality, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds.

We evaluate any uncorrected misstatements against both the quantitative measures of materiality discussed above and in light of other relevant qualitative considerations in forming our opinion.

An overview of the scope of our audit

Tailoring the scope

Our assessment of audit risk, our evaluation of materiality and our allocation of performance materiality determine our audit scope for the Company. This enables us to form an opinion on the financial statements. We take into account size, risk profile, the organisation of the Company and effectiveness of controls, including controls and changes in the business environment when assessing the level of work to be performed. All audit work was performed directly by the audit engagement team.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2014

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report, other than those parts relating to sustainability reporting where required by Part 28 of the Companies Act 2014, has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

Opinions on other matters prescribed by the Companies Act 2014 (continued)

In addition we report, in relation to information given in the Corporate Governance Statement on page 18, that:

- ▶ based on knowledge and understanding of the Company and its environment obtained in the course of our audit, no material misstatements in the information identified above have come to our attention
- ▶ based on the work undertaken in the course of our audit, in our opinion:
 - the description of the main features of the internal control and risk management systems in relation to the process for preparing the financial statements are consistent with the financial statements and have been prepared in accordance with the Companies Act 2014; and
 - the Corporate Governance Statement contains the information required by the Companies Act 2014.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 17, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud, that could reasonably be expected to have a material effect on the financial statements. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. In addition, the further removed any non-compliance is from the events and transactions reflected in the financial statements, the less likely it is that our procedures will identify such non-compliance. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the Company and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the Company and determined that the most significant are the Companies Act 2014, the Undertaking for Collective Investment in Transferable Securities pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 and the Central Bank (Supervision And Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.
- We understood how Company is complying with those frameworks by updating our understanding of the adequate system of internal control in place. We also considered the existence of independent service providers, proper segregation of duties and the regulated environment in which the Company operates, which may reduce opportunities for fraud to take place.
- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by management override of controls.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved inquiries to those charged with governance into possible instances of non-compliance with laws and regulations, review of board meeting minutes during the year and obtaining representation from the management.

***Explanation as to what extent the audit was considered capable of detecting irregularities,
including fraud (continued)***

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: https://iaasa.ie/wp-content/uploads/docs/media/IAASA/Documents/audit-standards/Description_of_auditors_responsibilities_for_audit.pdf.

This description forms part of our auditor's report.

Other matters which we are required to address

We were appointed by the Directors on 23 September 2021 to audit the financial statements for the year ending 31 March 2022 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 5 years.

The non-audit services prohibited by IAASA's Ethical Standard for Auditors (Ireland) and Regulation 537/2014/EU were not provided to the Company and we remain independent of the Company in conducting our audit.

Our audit opinion is consistent with the additional report to the Board of Directors.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.
