# General Information

UBS (Irl) ETF plc (the "Company") is an open-ended investment company with variable capital which was incorporated in Ireland on 14 December 2011 under registration number 507439 and is authorised by the Central Bank of Ireland (the "Central Bank") as an Undertaking for Collective Investment in Transferable Securities ("UCITS"). The objective of the Company is the collective investment in transferable securities and/or other liquid financial assets of capital raised from the public, operating on the principle of risk spreading in accordance with the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations") and the Central Bank (Supervision & Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (as amended) (the "Central Bank UCITS Regulations"). References to statutes, regulations and laws shall include any amendments thereto.

All capitalised terms not defined herein shall have the meaning attributed to them in the latest Prospectus for the Company.

The Company has been structured as an umbrella fund, with segregated liability between sub-funds, in that the Directors may from time to time, with the prior approval of the Central Bank, issue different series of Shares representing separate portfolios of assets, each comprising a fund (each a "Fund", collectively the "Funds"). The portfolio of assets maintained for each series of Shares and comprising a Fund will be invested in accordance with the investment objectives and policies applicable to such Fund as specified in the relevant supplement to the Prospectus, and each relevant supplement shall include all such relevant information in relation to the additional Fund or Funds as the Directors may deem appropriate and the Central Bank requires to be included. Each Fund will bear its own liabilities and, under Irish law, none of the Company, any of the service providers appointed to the Company, the Directors, any receiver, examiner or liquidator, or any other person will have access to the assets of a Fund in satisfaction of a liability of any other Fund.

In March 2023, UBS Group AG agreed to buy Credit Suisse, and on 7 December 2023 it was announced that the directors of UBS Group AG had approved the execution of a merger of UBS AG and Credit Suisse AG. As part of that broader merger project, it was proposed to consolidate the Irish platforms of the two entities, namely, Credit Suisse Index Fund (IE) ETF ICAV (the "ICAV") and the Company. such that the existing active seven sub-funds of the ICAV would merge onto the platform of the Company (the "Merger") via seven new Fund launches in the Company. The assets and liabilities of the relevant sub-funds of the ICAV were transferred in-specie to the Company and the shareholders of the respective sub-funds of the ICAV became shareholders of the Company. The effective date of Merger and new Fund launches in the Company (listed below) was 26 August 2024.

Factor MSCI World Minimum Volatility ESG Leaders UCITS ETF FTSE EPRA Nareit Developed Green UCITS ETF MSCI USA ESG Leaders UCITS ETF MSCI USA NSL UCITS ETF MSCI USA Small Cap ESG Leaders UCITS ETF MSCI USA Tech 125 ESG Universal UCITS ETF MSCI World ESG Leaders UCITS ETF

Shares of any particular series may be divided into different Classes to accommodate different dividend policies, charges and/or fee arrangements (including different flat fees) and/or currencies. The Company may establish Classes that provide for foreign exchange hedging in accordance with the policies and requirements of the Central Bank from time to time. While it is anticipated that applications will be made for most of the Classes to be admitted to listing on one or more Listing Stock Exchange, the Company may also establish Classes of Unlisted Shares.

At 31 December 2024, there were forty-eight active Funds of the Company, namely:

# **Replication Strategy**

Our approach to passive equity investment is to target full replication where possible, depending on the characteristics of the benchmark index, the size of portfolio and the desired tracking accuracy. In some situations, the Investment Manager may utilise stratified sampling where the Investment Manager deem this to be more efficient.

In practice, the majority of our Equity ETFs target full replication (holding all or virtually all the underlying constituents at weights at or close to the index). As at 31 December 2024, no funds were considered sampled.

We typically utilize "stratified sampling" approach for our passive fixed income funds. "Stratified Sampling" is a quantitative based process, bolstered with qualitative input from our portfolio managers, that aims to construct an optimal portfolio that efficiently replicates benchmark risk characteristics with fewer securities that are sufficiently liquid and diversified. However, for certain cases, the optimal portfolio may be achieved by full replication.

As at 31 December 2024 the following Fixed Income Sub-Fund utilised stratified sampling: UBS (IrI) ETF plc – EUR Ultra-Short Bond ESG UCITS ETF

# **Directors' Report**

\*Non-executive Directors

\*\*Independent non-executive Directors

\*\*\*Chairperson of the Board

\*\*\*\*Resigned on 19 September 2024

\*\*\*\*\*Appointed on 19 September 2024

The Company has delegated the day-to-day management and running of the Company to the Manager, UBS Fund Management (Ireland) Limited, in accordance with the policies approved by the Directors.

#### Directors' and Secretary's interests

Markus Goetschi is an employee of the Distributor, UBS Asset Management Switzerland AG. Naomi Daly is an independent director of the Manager, a subsidiary of UBS Group AG. Alan White is an employee of the Manager. Marie Antoinette Petrini is an employee of UBS Europe SE, Sucursal en Espana Madrid branch.

With the exception of the two Subscriber Shares held by Alan White and Markus Goetschi, none of the Directors or Secretary had any interest during the financial year in the shares of the Company or in any material contract for the provision of services which was significant to the business of the Company. See Note 5 to the financial statements for further details on the Subscriber shares.

#### Adequate accounting records

The Directors ensure compliance with the Company's obligation under Section 281 of the Companies Act 2014 to keep adequate accounting records by appointing competent persons to be responsible for them. The accounting records are kept by State Street Fund Services (Ireland) Limited, at 78 Sir John Rogerson's Quay, Dublin 2, Ireland.

#### Dividends

Details of Distributions paid during the financial year are included in Note 8 of the Financial Statements.

<sup>&</sup>lt;sup>1</sup>The Fund launched on 18 March 2024.

<sup>&</sup>lt;sup>2</sup>The Fund launched on 19 March 2024.

<sup>&</sup>lt;sup>3</sup>The Fund launched on 20 March 2024.

<sup>&</sup>lt;sup>4</sup>The Fund launched on 26 August 2024.

#### Review of Business

There was no change in the nature of the Company's business during the financial year. A detailed review of business is included in the Investment Managers' Report.

#### Principal Risks and Uncertainties

The principal risks and uncertainties faced by the Company are the investments risks associated with the portfolio of investments held by the Sub-Funds and the operational risks associated with their management and administration. The Company is also subject to the risk that its climate-focused investment strategy may select or exclude securities of certain issuers for reasons other than investment performance considerations. Climate criteria and risks are considered as part of the index selection process. Every Fund has specific risks, which may significantly increase under unusual market conditions. The Funds' assets are passively managed. As a result, the net asset value of the Funds is directly dependent on the performance of the underlying index. Losses that could be avoided via active management will not be offset.

Details of the Company's risk management objectives and policies are included in Note 3 of the Financial Statements.

Significant events during the financial year

Please see Note 17 for significant events during the financial year.

Significant events after the financial year end

Please see Note 18 for significant events after the financial year

Independent Auditor

The Company's Independent auditors, Ernst & Young, were appointed on 23 October 2020 in accordance with section 383 (1) of the Companies Act. Ernst & Young have indicated their willingness to remain in office in accordance with Section 383 (2) of the Companies Act 2014 (as amended).

# **Corporate Governance Statement**

General Principles

The Company is subject to the requirements of the Companies Act 2014, UCITS Regulations and the Central Bank UCITS Regulations, as applicable to the Company.

The European Communities (Directive 2006/46/EC) Regulations (S.I. 450 of 2009 and S.I. 83 of 2010) (the "Regulations") requires the inclusion of a corporate governance statement in the Directors' Report.

Although there is no specific statutory corporate governance code applicable to Irish collective investment schemes whose shares are admitted to trading on an exchange, the Company is subject to corporate governance practices imposed by:

- The Companies Act 2014 which is available for inspection at the registered office of the Company; and may also be obtained at <a href="http://www.irishstatutebook.ie/">http://www.irishstatutebook.ie/</a>
- (ii) The Articles of Association of the Company which are available for inspection at the registered office of the Company and at the Companies Registration Office in Ireland:
- (iii) The Central Bank of Ireland (the "Central Bank") in the Regulations and other guidance applicable to the Company which can be obtained from the Central Bank's website at: http://www.centralbank.ie/regulation/Pages/home.aspx and are available for inspection at the registered office of the Company; and
- (iv) The Irish Stock Exchange ("ISE") through the ISE Code of Listing Requirements and Procedures which can be obtained from the ISE's website at: http://ise.ie/Products-Services/Sponsors-and-Advisors/Code-of-Listing-Requirements-and-Procedures-for-Investment-Funds.pdf

The Board of Directors of the Company (the "Board") formally adopted the Irish Funds ("IF") Code with effect from 31 December 2012.

The IF Code is available for inspection at the registered office of the Company and may also be obtained at www.irishfunds.ie. The Board has assessed the measures included in the IF Code as being consistent with its corporate governance practices and procedures for the financial year.

The Board did not adopt any further corporate governance codes for the financial year ended 31 December 2024.

Internal Control and Risk Management Systems in Relation to Financial Reporting

The Board is responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board has procedures in place to ensure that all relevant books of account are properly maintained and are readily available, including production of annual and half yearly financial statements. The Board has appointed State Street Fund Services (Ireland) Limited (the "Administrator") to maintain the books and records of the Company. The Administrator is authorised and regulated by the Central Bank and must comply with the rules imposed by the Central Bank. From time to time, the Board of Directors examines and evaluates the Administrator's financial accounting and reporting routines. The annual financial statements of the Company are produced by the Administrator and reviewed by the Investment Managers. They are required to be approved by the Board and the annual and half yearly financial statements of the Company are required to be filed with the Central Bank.

During the financial year of these financial statements, the Board was responsible for the review and approval of the unaudited half yearly financial statements as set out in the Directors Responsibility Statement. The statutory financial statements are required to be audited by independent auditors who report annually to the Board on their findings. The Board monitors and evaluates the independent auditor's performance, qualifications and independence. As part of its review procedures, the Board receives presentations from relevant parties including consideration of International Financial Reporting Standards ("IFRS") and their impact on the annual financial statements, and presentations and reports on the audit process. The Board evaluates and discusses significant accounting and reporting issues as the need arises.

#### Dealings with Shareholders

The convening and conduct of shareholders' meetings are governed by the Articles of Association of the Company and the Companies Act 2014. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors were required to convene the first annual general meeting of the Company within eighteen months of incorporation and fifteen months of the date of the previous annual general meeting thereafter, provided that an annual general meeting is held within each calendar year.

At least twenty-one clear days' notice of every annual general meeting and any meeting convened for the passing of a special resolution must be given to shareholders and fourteen days' notice must be given in the case of any other general meeting, unless the auditors of the Company and all the shareholders of the Company entitled to attend and vote agree to shorter notice. Two shareholders present either in person or by proxy constitutes a quorum at a general meeting. The share capital of the Company is divided into different classes of shares and the Companies Act 2014 and the Articles of Association provide that the quorum for a general meeting convened to consider any alteration to the rights attached to any class of shares, is two or more shareholders present in person or by proxy, holding or representing by proxy at least one third of the issued shares of the relevant class.

Every holder of participating shares or non-participating shares present, in person or by proxy who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present, in person or by proxy, is entitled to one vote in respect of each share held by him, and every holder of non-participating shares is entitled to one vote in respect of all non-participating shares held by him. At any general meeting of the

Company, a resolution put to the vote of the meeting is decided on a show of hands unless, before or upon the declaration of the result of the show of hands, a poll is demanded by the chairman of the general meeting, or by at least five members or shareholders present, in person or by proxy, having the right to vote at such meeting, or any holder or holders of participating shares present, in person or by proxy, representing at least one tenth of the shares in issue having the right to vote at such meeting.

Shareholders may resolve to sanction an ordinary resolution or special resolution at a shareholders' meeting. Alternatively, a resolution in writing signed by all of the shareholders and holders of non-participating shares for the time being entitled to attend and vote on such resolution at a general meeting of the Company, will be valid and effective for all purposes as if the resolution had been passed at a general meeting of the Company duly convened and held. An ordinary resolution of the Company (or of the shareholders of a particular fund or class of shares) requires a simple majority of the votes cast by the shareholders voting, in person or by proxy, at the meeting at which the resolution is proposed. A special resolution of the Company (or of the shareholders of a particular fund or class of shares) requires a majority of not less than 75% of shareholders present, in person or by proxy, and voting in general meeting in order to pass a special resolution including a resolution to amend the Articles of Association.

#### Board Composition and Activities

In accordance with the Companies Act 2014 and the Articles of Association, unless otherwise determined by an ordinary resolution of the Company in general meeting, the number of Directors may not be less than two nor more than twelve. Currently the Board is comprised of five non-executive Directors of which, one is an independent non-executive Director. Details of the current Directors are set out above, under the heading "Directors".

The business of the Company is managed by the Directors, who exercise all such powers of the Company as are not by the Companies Act 2014 or by the Articles of Association of the Company required to be exercised by the Company in general meeting.

The Board is responsible for the Company's overall direction and strategy and to this end it reserves the decision making power on issues such as the determination of medium and long term goals, review of managerial performance, organisational structure and capital needs and commitments to achieve the Company's strategic goals. To achieve these responsibilities, the Board meets four times a year to review the operations of the Company, address matters of strategic importance and to receive reports from the Administrator, Depositary and the Investment Managers. However, a Director may, and the Company Secretary on the requisition of a Director will, at any time summon a meeting of the Directors and ad hoc meetings in addition to the four meetings are convened as required.

Questions arising at any meeting of the Directors are determined by the Chairman. In the case of an equality of votes, the Chairman of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a second or casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

A sub-committee of the Board operated during the financial year with authority to bind the Board with respect to certain operational issues such as activating share classes and waiving of dealing deadlines. All decisions of the sub-committee are reported to the Board on a regular basis.

Description and objective of the Company's Diversity Policy

The Company believes in diversity and values the benefits that diversity can bring to its board of directors (the "Board"). The Board acknowledges the benefits of greater diversity, including diversity of gender, experience, thought, background and attributes at senior management levels and the importance diversity in ensuring good governance and sound decision-making.

Implementation of the Diversity Policy

Due to the size, nature and complexity of the Company's business, the Board does not consider it appropriate to apply targets for diversity or to establish a nomination committee. Diversity acts as an essential safeguard against the emergence of group-think and harmful industry practices and as such the Company remains committed to ensuring that the Board brings a wide range of skills, knowledge, experience, background and perspectives. When assessing Board composition or identifying suitable candidates for appointment or re-election to the Board, the Company will consider candidates on merit against objective criteria, in the context of the overall balance of skills and backgrounds that the Board needs to maintain in order to remain effective, having due regard to the benefits of diversity, the needs of the Company and the best interests of its shareholders. Being aware of the risks associated with the lack of diversity, the Board considers that the promotion of a diverse Board makes prudent business sense and makes for better corporate governance. The Company seeks to maintain a diverse Board comprised of talented and dedicated directors with a diverse mix of expertise, qualifications and backgrounds.

Results of the Diversity Policy in the financial year

The Board is currently comprised of five individuals, all of whom are non-executive, and two of whom are independent. The directors have diverse backgrounds and a diverse range of expertise and qualifications. They include residents of Ireland, Spain and Switzerland. Their areas of expertise include investment management, regulation, company management and delegate oversight, governance, distribution, sales, product development and operations, economics, business administration, finance and taxation.

#### Connected Persons

Regulation 43(1) of the UCITS Regulations "Restrictions of transactions with connected persons" states that "A responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm's length, and b) in the best interest of the unit-holders of the UCITS".

As required under UCITS Regulation 81(4), the Directors are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43(1) are applied to all transactions

with a connected party; and all transactions with connected parties that were entered into during the year to which the report relates complied with the obligations that are prescribed by Regulation 43(1).

#### Audit Committee

The Directors believe that there is no requirement to form an audit committee as the Board is formed of non-executive Directors with one independent Director and the Company complies with the provisions of the Irish Funds Corporate Governance Code. The Directors have delegated the day-to-day investment management and administration of the Company to the Manager. The Manager has delegated certain duties to the Investment Managers and appointed the Administrator to act as administrator of the Company.

#### Directors' Fees

The charge for Directors' remuneration during the financial year ended 31 December 2024 amounted to USD 70,164 (31 December 2023: USD 70,362), of which USD 17,803 (31 December 2023: USD 22,092) was payable at the financial year end. Non-Independent Directors of the Company do not receive any additional fees for their role as Directors.

#### Direct brokerage

There was no direct brokerage services utilised for the financial year ended 31 December 2024 (2023: Nil).

# **Directors Responsibility Statement**

The Directors are responsible for preparing the annual report and financial statements in accordance with Irish law and International Financial Reporting Standards as adopted by the European Union ("IFRS").

Irish company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that financial year. Under that law the Directors have elected to prepare the financial statements in accordance with IFRS and applicable Irish law.

Under Irish law the Directors shall not approve the financial statements unless they are satisfied that they give a true and fair view of Company's assets, liabilities and financial position as at the end of the financial year and of the profit or loss of the Company for the financial year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in the notes to the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Company:
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Company to be determined with reasonable accuracy; and
- enable the directors to ensure that the financial statements comply with the Companies Act 2014 and enable those financial statements to be audited.

The Company's financial statements will be published electronically on a web site maintained by the Investment Managers, namely <a href="www.ubs.com/etf">www.ubs.com/etf</a>. The Directors are responsible for ensuring that the financial statements provided to the Investment Managers for publication on the website are consistent with the manually signed financial statements. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

The Directors are responsible for safeguarding the assets of the Company. In this regard they have entrusted the assets of the

Company to State Street Custodial Services (Ireland) Limited (the "Depositary") who has been appointed as Depositary and Trustee to the Company pursuant to the terms of a depositary agreement. The Directors are also responsible for taking reasonable steps for the prevention and detection of fraud and other irregularities. The Directors comply with the Company's obligation to keep adequate accounting records by the delegation of the accounting function to the Administrator. The measures taken by the Directors to secure compliance with the Company's obligations to keep adequate accounting records are the use of appropriate systems and procedures and employment of competent persons. The accounting records are kept and maintained by the Administrator at 78 Sir John Rogerson's Quay, Dublin 2, Ireland.

Directors compliance statement

The Directors are responsible for securing the Company's compliance with its "relevant obligations" under section 225 of the Companies Act 2014 (as defined in section 225(1) thereof, which includes compliance with tax law and certain company law obligations.

As required under section 225(3), the Directors confirm that:

- a compliance policy statement has been drawn up setting out the Company's policies (that, in the Directors' opinion, are appropriate to the Company) with respect to compliance by the Company with its relevant obligations;
- appropriate arrangements or structures are in place that, in the Directors' opinion, are designed to secure material compliance with the Company's relevant obligations; and a review has been conducted during the financial year
- c) a review has been conducted during the financial year ending 31 December 2024 of the arrangements or structures referred to in paragraph (b) above.

The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

The Directors confirm to the best of their knowledge, belief and understanding, having made the appropriate enquiries, that they have complied with the above requirements in preparing the financial statements.

### Statement of relevant audit information

As at the date this Directors' Report was approved and signed (set out below), each Director is satisfied that:

- there is no relevant audit information of which the Company's statutory auditors are unaware; and
- b) s/he has taken all the steps that he or she ought to have taken as a director in order to make herself or himself aware of any relevant audit information and to establish that the Company's statutory auditors are aware of that information; and
- where "relevant audit information" means information needed by the Company's statutory auditors in connection with preparing their report.

# **Depositary's Report**

#### To the Shareholders of UBS (Irl) ETF plc (the "Company")

We have enquired into the conduct of the Company for the financial year ended 31 December 2024, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, (the "UCITS Regulations"), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

#### Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

#### Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties

as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Constitution and the UCITS Regulations and (ii) otherwise in accordance with the Constitution and the appropriate regulations.

#### Opinion

In our opinion, the Company has been managed during the year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1); (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, as amended, (the "Central Bank UCITS Regulations") and
- (ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

<sup>&</sup>lt;sup>1</sup> Share class launched on 25 April 2023.

Note: Not all Share Classes were in existence for the full financial year of these financial statements. The following Share Classes launched during the financial year ended 31 December 2023: MSCI Australia ESG Universal Low Carbon Select UCITS ETF (AUD) A-acc, Factor MSCI USA Quality ESG UCITS ETF (hedged to CHF) A-acc, MSCI AC Asia (ex Japan) ESG Leaders Low Carbon Select UCITS ETF (USD) A-acc, S&P USA Dividend Aristocrats ESG Elite UCITS ETF (USD) A-dis and S&P USA Dividend Aristocrats ESG Elite UCITS ETF (hedged to EUR) A-dis. For these Share Classes, the performance data in the table above is not for the full financial year, it is from launch date to the financial year end date. For the financial year ended 31 December 2023, the tracking error for these share classes is n.a. since the share classes launched for less than full applicable 12-month period.

The following Share Class terminated during the financial year ended 31 December 2023: MSCI USA Socially Responsible UCITS ETF Class (hedged to EUR) A-dis, S&P 500 ESG ELITE UCITS ETF Class (hedged to CHF) A-acc and MSCI Europe ESG Universal Low Carbon Select UCITS ETF Class (EUR) A-acc. No performance data is included for share classes which terminated during the financial year ended 31 December 2023.

MSCI notes that the following Indexes were affected by a technical implementation issue from their respective launch dates until 1 December 2023 which resulted in a greater number of index constituents than was prescribed by methodology. This issue has been corrected on an ongoing basis as of 1 December 2023 and the effect did not undermine the stated objectives of the Index nor any of its defining risk characteristics.

- MSCI USA Select Dynamic 50% Risk Weighted Index (706732)
- MSCI USA Select Dynamic 50% Risk Weighted 100% Hedged to EUR Index (707022)

Historical performance is no indicator of current or future performance. The performance data does not take account of any commissions and costs charged when subscribing and redeeming units.

- <sup>a</sup> Fund performance reflects percentage change in NAV's per share (cum dividend) over the financial period.
- <sup>b</sup> Total Net Return of the Index.
- <sup>c</sup> The tracking difference is attributable to Fund Expenses (see Note 4 to the financial statements) as well as non-reclaimable withholding taxes and to generation of securities lending income. The Funds' portfolio manager aims to achieve a level of tracking accuracy whereby the expected annual difference in returns, after expenses, between the performance of the shares of a Fund and that Fund's index will not exceed 1% under normal market conditions. However, exceptional circumstances may arise which cause a Fund's tracking accuracy to exceed 1%. None of the Funds had a tracking difference of more than 1% over a 12-month financial period.
- <sup>d</sup> Total Expense Ratio (TER) or the flat fee is calculated in accordance with the Asset Management Association Switzerland (AMAS) "Guidelines on the calculation and disclosure of the TER of collective investment schemes" in the current version and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets. For terminated and newly launched share classes the total operating expense figure included in the flat fee has been annualised. The flat fee has been audited.
- <sup>e</sup> Tracking Error: annualised standard deviation. The Fund's portfolio manager aims to keep the tracking error, defined as the volatility of the tracking difference between the performance of the shares of a Fund and that Fund's index, below or equal to 1% under normal market conditions. However, exceptional circumstances may arise which cause a Fund's tracking error to exceed 1%. Additionally, in relation to certain Funds through the composition of that Fund's Index, it may not be practicably possible, for example because of the Company's investment restrictions, to achieve such a tracking error. It is anticipated for most Funds, especially those where the Index's component securities are listed on one or more highly liquid and efficient Recognised Markets, that the tracking error will be significantly lower than 1%. In relation to those certain Funds where such accuracy is not practicably possible, it is anticipated that the annual tracking error will be no more than 3%. There were no tracking errors exceeding 1% in the last

<sup>&</sup>lt;sup>2</sup> Share class terminated on 14 December 2023.

<sup>&</sup>lt;sup>3</sup> MSCI Europe ESG Universal Low Carbon Select UCITS ETF ceased trading on 14 December 2023 and its assets transferred into MSCI EMU ESG Universal Low Carbon Select UCITS ETF on the same date.

<sup>&</sup>lt;sup>4</sup> Fund and its share class launched on 20 April 2023.

<sup>&</sup>lt;sup>5</sup> Fund and its share class launched on 26 June 2023.

12 months. Tracking error calculation: The tracking error for the last 12 months is calculated as follows: =STANDARD DEVIATION (Monthly Excess calculated each month over a 12-month financial period)\*SQUARE ROOT (12).

# Investment Objectives & Policies

### MSCI USA UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the performance of the MSCI USA Index.

### MSCI USA Value UCITS ETF

The objective of the Fund is to seek to track the equity market performance of U.S. equities, which are categorised as value stocks using eight historical and forward-looking fundamental data points. The data points are broken down into value investment style characteristics and growth investment style characteristics and, in constructing the index, MSCI use them to identify which stocks exhibit stronger value characteristics (i.e., are priced at a low level relative to what is considered to be their fundamental value). The value investment style characteristics are (i) book value to price ratio, (ii) 12-month forward earnings to price ratio and (iii) dividend yield. The growth investment style characteristics are (i) long-term forward earnings per share (EPS) growth rate, (ii) short-term forward EPS growth rate, (iii) current Internal Growth Rate, (iv) long-term historical EPS growth trend and (v) long-term historical sales per share (SPS) growth trend. The investment policy of the Fund is to seek to track the performance of the MSCI USA Value Index.

#### MSCI World UCITS ETF

The objective of the Fund is to seek to track the equity market performance globally. The investment policy of the Fund is to seek to track the performance of the MSCI World Index.

#### S&P 500 UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the investment performance of the S&P 500 Index.

### Solactive Global Pure Gold Miners UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the largest listed companies generating at least 90% of their revenues in gold mining. The investment policy of the Fund is to seek to track the performance of the Solactive Global Pure Gold Miners Net Total Return Index.

#### MSCI Australia UCITS ETF

The objective of the Fund is to seek to track the performance of the large and mid-cap segments of the Australian market. The investment policy of the Fund is to seek to track the performance of the MSCI Australia Index.

# MSCI USA hedged to EUR UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the performance of the MSCI USA hedged to EUR Index.

# MSCI USA hedged to CHF UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the performance of the MSCI USA hedged to CHF Index.

#### S&P Dividend Aristocrats ESG Elite UCITS ETF

The objective of the Fund is to seek to track the equity market performance of worldwide (developed markets) high dividend yielding/ESG-scoring companies that meet certain sustainability criteria. The investment policy of the Fund is to seek to track the performance of the S&P Developed ESG Dividend Aristocrats Index

# MSCI United Kingdom IMI Socially Responsible UCITS ETF

The objective of the Fund is to seek to track the performance of UK companies with outstanding sustainability profiles. The investment policy of the Fund is to seek to track the performance of the MSCI UK IMI Extended SRI Low Carbon Select 5% Issuer Capped Index.

# Factor MSCI USA Low Volatility UCITS ETF

The objective of the Fund is to seek to track the alternatively weighted equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the performance of the MSCI USA Select Dynamic 50% Risk Weighted Index.

### Factor MSCI USA Prime Value ESG UCITS ETF

The objective of the Fund is to seek to track the alternatively weighted equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the performance of the MSCI USA Prime Value Index.

# Factor MSCI USA Quality ESG UCITS ETF

The objective of the Fund is to seek to track the alternatively weighted equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the performance of the MSCI USA Quality Index.

#### MSCI USA Select Factor Mix UCITS ETF

The objective of the Fund is to seek to track the alternatively weighted equity market performance of the US market. The investment policy of the Fund is to seek to track the performance of the MSCI USA Select Factor Mix Index.

### MSCI ACWI Socially Responsible UCITS ETF

The objective of the Fund is to seek to track the performance of the MSCI ACWI SRI Low Carbon Select 5% Issuer Capped Index. The investment policy of the Fund is to seek to track the performance of the MSCI ACWI SRI Low Carbon Select 5% Issuer Capped Index.

### MSCI ACWI ESG Universal Low Carbon Select UCITS ETF

The objective of the Fund is to seek to track the performance of the MSCI ACWI ESG Universal Low Carbon Select 5% Issuer Capped Index. The investment policy of the Fund is to seek to track the performance of the MSCI ACWI ESG Universal Low Carbon Select 5% Issuer Capped Index.

### Global Gender Equality UCITS ETF

The objective of the Fund is to track the performance of the Solactive Equileap Global Gender Equality 100 Leaders Net Total Return Index. The investment policy of the Fund is to seek to track the performance of the Solactive Equileap Global Gender Equality 100 Leaders Net Total Return Index.

#### S&P 500 ESG UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the U.S. market. The investment policy of the Fund is to seek to track the investment performance of the S&P 500 Index.

# MSCI USA Socially Responsible UCITS ETF

The objective of the Fund is to seek to track the performance of US based companies which focus on Environmental, Social and Governance ("ESG") considerations and which would specifically exclude companies involved in nuclear power, tobacco, alcohol, gambling, military weapons, civilian firearms and genetically modified organisms. The investment policy of the Fund is to seek to track the performance of the MSCI USA SRI Low Carbon Select 5% Issuer Capped Index.

# MSCI World Socially Responsible UCITS ETF

The objective of the Fund is to seek to track the performance of global companies which focus on Environmental, Social and Governance ("ESG") considerations and which would specifically exclude companies involved in nuclear power, tobacco, alcohol, gambling, military weapons, civilian firearms and genetically modified organisms. The investment policy of the Fund is to seek to track the performance of the MSCI World SRI Low Carbon Select 5% Issuer Capped Index.

### S&P 500 ESG ELITE UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the S&P 500 ESG ELITE Index. The investment policy of the Fund is to seek to track the performance of the S&P 500 ESG ELITE Index.

# UBS Climate Aware Global Developed Equity CTB UCITS ETF

The objective of the Fund is to seek to track the equity market performance of global companies which form part of the Index with a focus on sustainable investment considerations in alignment with the EU Climate Regulations. The investment policy of the Fund is to seek to track the performance of the Solactive UBS Climate Aware Global Developed Equity CTB Net Total Return Index.

# MSCI EMU Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the equity market performance of countries within EMU (European Economic and Monetary Union) which form part of the Index with a focus on sustainable investment considerations defined by the Paris Agreement and specific exclusions of companies involved in controversial weapons, environmental, social and governance ("ESG") controversies, tobacco, environmental harm, thermal coal mining, oil & gas related activities and power generation. The investment policy of the Fund is to seek to track the performance of the MSCI EMU Climate Paris Aligned Index.

# MSCI Europe Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the equity market performance of the developed markets in Europe which form part of the Index with a focus on sustainable investment considerations defined by the Paris Agreement and specific exclusions of companies involved in controversial weapons, environmental, social and governance ("ESG") controversies, tobacco, environmental harm, thermal coal mining, oil & gas related activities and power generation. The investment policy of the Fund is to seek to track the performance of the MSCI Europe Climate Paris Aligned Index.

# MSCI USA Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the equity market performance of US companies which form part of the Index with a focus on sustainable investment considerations defined by the Paris Agreement and specific exclusions of companies involved in controversial weapons, environmental, social and governance ("ESG") controversies, tobacco, environmental harm, thermal coal mining, oil & gas related activities and power generation. The investment policy of the Fund is to seek to track the performance of the MSCI USA Climate Paris Aligned Index.

# MSCI Japan Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the equity market performance of Japanese companies which form part of the Index with a focus on sustainable investment considerations defined by the Paris Agreement and specific exclusions of companies involved in controversial weapons, environmental, social and governance ("ESG") controversies, tobacco, environmental harm, thermal coal mining, oil & gas related activities and power generation. The investment policy of the Fund is to seek to track the performance of the MSCI Japan Climate Paris Aligned Index.

# MSCI World Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the equity market performance of global companies which form part of the Index with a focus on sustainable investment considerations defined by the Paris Agreement and specific exclusions of companies involved in controversial weapons, environmental, social and governance ("ESG") controversies, tobacco, environmental harm, thermal coal mining, oil & gas related activities and power generation. The investment policy of the Fund is to seek to track the performance of the MSCI World Climate Paris Aligned Index.

## MSCI USA ESG Universal Low Carbon Select UCITS ETF

The objective of the Fund is to seek to track the performance of the Index. The investment policy of the Fund is to seek to track the performance of the MSCI USA ESG Universal Low Carbon Select 5% Issuer Capped Index.

### MSCI Japan ESG Universal Low Carbon Select UCITS ETF

The objective of the Fund is to seek to track the performance of the Index. The investment policy of the Fund is to seek to track the performance of the MSCI Japan ESG Universal Low Carbon Select 5% Issuer Capped Index.

# MSCI EMU ESG Universal Low Carbon Select UCITS ETF

The objective of the Fund is to seek to track the performance of the Index. The investment policy of the Fund is to seek to track the performance of the MSCI EMU ESG Universal Low Carbon Select 5% Issuer Capped Index.

# MSCI ACWI Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the equity market performance of global companies which form part of the Index with a focus on sustainable investment considerations defined by the Paris Agreement and specific exclusions of companies involved in controversial weapons, environmental, social and governance ("ESG") controversies, tobacco, environmental harm, thermal coal mining, oil & gas related activities and power generation. In order to achieve the objective, the investment policy of the Fund is to seek to track the performance of the MSCI ACWI Climate Paris Aligned Index.

# MSCI Emerging Markets Climate Paris Aligned UCITS ETF

The objective of the Fund is to seek to track the performance of the Index. The investment policy of the Fund is to seek to track the performance of the MSCI Emerging Markets ESG Universal Low Carbon Select 5% Issuer Capped Index.

# MSCI World Small Cap Socially Responsible UCITS ETF

The objective of the Fund is to seek to track the performance of global small cap companies which focus on Environmental, Social and Governance ("ESG") considerations and which would specifically exclude companies involved in nuclear power, tobacco, alcohol, gambling, military weapons, civilian firearms and genetically modified organisms. In order to achieve the objective, the investment policy of the Fund is to seek to track the performance of the MSCI World Small Cap SRI Low Carbon Select 5% Issuer Capped Index.

# MSCI Pacific (ex Japan) IMI Socially Responsible UCITS ETF

The objective of the Fund is to seek to track the equity performance of the Index. The investment policy of the Fund is to seek to track the performance of the MSCI Pacific (ex Japan) IMI Extended SRI Low Carbon Select 5% Issuer Capped Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI Pacific (ex Japan) IMI Extended SRI Low Carbon Select 5% Issuer Capped Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

#### MSCI Australia ESG Universal Low Carbon Select UCITS ETF

The objective of the Fund is to seek to track the performance of the Index. The investment policy of the Fund is to seek to track the performance of the MSCI Australia ESG Universal Low Carbon Select 5% Issuer Capped Index (Net Index) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI Australia ESG Universal Low Carbon Select 5% Issuer Capped Index (Net Index) and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

# MSCI AC Asia (ex Japan) ESG Leaders Low Carbon Select UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI AC Asia ex Japan ESG Leaders Low Carbon Select 5% Issuer Capped Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI AC Asia ex Japan ESG Leaders Low Carbon Select 5% Issuer Capped Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

### S&P USA Dividend Aristocrats ESG Elite UCITS ETF

The investment policy of the Fund is to seek to track the performance of the S&P ESG Elite High Yield Dividend Aristocrats Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the S&P ESG Elite High Yield Dividend Aristocrats Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index. The Fund seeks to achieve the objective by tracking the Index and, with regard to ESG criteria, giving exposure to global companies with high ESG ratings and to exclude the ones with negative social or environmental impact.

### S&P 500 Climate Transition ESG UCITS ETF

The investment policy of the Fund is to seek to track the performance of the S&P 500 Climate Transition Base ESG Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the S&P 500 Climate Transition Base ESG Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index. The Fund seeks to achieve the objective by tracking the Index and, with regard to ESG criteria, giving exposure to US-based companies with high ESG scores and to exclude the ones with negative social or environmental impact.

## EUR Ultra-Short Bond ESG UCITS ETF

The investment policy of the Fund is to seek to track the performance of the Solactive EUR Ultra-Short Diversified Bond ESG Index (Total Return) (or any other index determined by the Directors from time to time to track substantially the same market as Solactive EUR Ultra-Short diversified Bond ESG Index (Total Return) and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

### MSCI Canada ESG Universal Low Carbon Select UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI Canada ESG Universal Low Carbon Select 5% Issuer Capped Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI Canada ESG Universal Low Carbon Select 5% Issuer Capped Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

# MSCI Emerging Markets ex China Socially Responsible UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI Emerging Markets ex China SRI Low Carbon Select 5% Issuer Capped Index (Net Index) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI Emerging Markets ex China SRI Low Carbon Select 5% Issuer Capped Index (Net Index) and which is considered by the Directors to be an appropriate index for the Fund to track, in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

# Factor MSCI World Minimum Volatility ESG Leaders UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI World ESG Leaders Minimum Volatility Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI World ESG Leaders Minimum Volatility Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

# FTSE EPRA Nareit Developed Green UCITS ETF

The investment policy of the Fund is to seek to track the performance of the FTSE EPRA Nareit Developed Green Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the FTSE EPRA Nareit Developed Green Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

# MSCI USA ESG Leaders UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI USA ESG Leaders Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI USA ESG Leaders Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

### MSCI USA NSL UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI USA Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI USA Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index. Any determination by the Directors that the Fund should track another index at any time shall be subject to the provision of reasonable notice to Shareholders and implemented in accordance with the requirements of the Central Bank and this Supplement shall be updated accordingly. The Fund will use replication techniques in order to minimise as far as possible the difference in performance between the returns of the Index and the return of the Fund, after Fees and Expenses.

# MSCI USA Small Cap ESG Leaders UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI USA Small Cap ESG Leaders Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI USA Small Cap ESG Leaders Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

#### MSCI USA Tech 125 ESG Universal UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI USA Tech 125 ESG Universal Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI USA Tech 125 ESG Universal Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

### MSCI World ESG Leaders UCITS ETF

The investment policy of the Fund is to seek to track the performance of the MSCI World ESG Leaders Index (Net Return) (or any other index determined by the Directors from time to time to track substantially the same market as the MSCI World ESG Leaders Index (Net Return) and which is considered by the Directors to be an appropriate index for the Fund to track), in accordance with the Prospectus (the "Index") as closely as possible, while seeking to minimise as far as possible the difference in performance between the Fund and the Index.

# Investment Managers' Report For the financial year ended 31 December 2024

### Quarter One 2024

Global stocks had the best first quarter in five years, amid optimism over the outlook for the US economy and hopes that AI will boost corporate profits. The MSCI All Country World Index delivered a total return of 8.2% in the first quarter, the strongest performance in the first three months of the year since 2019.

The gains came despite greater caution in markets over the likely pace and extent of rate cuts from the Federal Reserve in 2024. Having priced as many as six quarter-point cuts for 2024 at the peak in January, markets ended March implying around three cuts. This reflected data suggesting that the improvement in inflation stalled in the first two months of the year, contributing to a mixed quarter for government bonds. Both the Bloomberg index for US Treasuries and the Pan-European Aggregate delivered negative returns for the quarter, though they regained some lost ground in March.

The Swiss National Bank kicked off the global rate-cutting cycle in March, taking investors by surprise to become the first developed-nation central bank to ease policy since the aftermath of the COVID-19 pandemic. Meanwhile, the Bank of Japan enacted its first rate hike in 17 years - ending an eight-year stretch of negative interest rates.

### Ouarter two 2024

The second quarter ended on a high note, with global equities returning 2.6% in June. Gains were led by the S&P 500, which returned 3.6%. US returns were boosted by further evidence that US inflation is moderating, paving the way for rate cuts by the Federal Reserve. Optimism was kindled by the release of the consumer price index, which showed core inflation rising by a monthly 0.16% in May, the smallest increase since summer 2021. This was confirmed on the last trading day of the first half. The Fed's favorite measure of inflation—the core personal consumption expenditure index—rose just 0.08% in May, its smallest increase since 2020.

The Fed remained cautious on the outlook for easing, with the median forecast of top officials for just one rate cut in 2024 versus three in their prior projection from March. Meanwhile, the global cutting cycle continued, with the European Central Bank trimming rates for the first time since 2019. The Bank of Canada also eased policy, and the Swiss National Bank cut rates for a second time in three months.

Artificial intelligence remained a major theme for markets, fuelling the US stock rally. Chipmaker NVIDIA briefly became the world's largest company, overtaking Microsoft and Apple. Although NVIDIA quickly gave up the top spot and stood 9% below its all-time high on 18 June, it still ended the month 12.7% higher and up around 150% in the first half of the year.

### Quarter three 2024

Global equities bucked the seasonal trend for weakness in September, with the MSCI AC World Index delivering 2% returns over the month. Gains were led by MSCI China, as a combination of fiscal and monetary easing announcements propelled the index to a 23.3% rally and a ninth consecutive day of gains to close out September.

The most notable development for global markets in September was the beginning of the much-anticipated US ratecutting cycle and the subsequent all-time highs for select US stock indexes. While US stocks began the month with declines on a soft August ISM manufacturing report, choppy trading for megacap tech stocks, and weaker-than-expected August payrolls data, they recovered their poise as the Federal Reserve began its easing cycle with a decisive 50-basis-point cut to support the US economy from a position of strength. Personal consumption expenditure (PCE) inflation data, the Fed's favorite measure, released at month-end struck an optimistic note, with August headline data of a 2.2% year-over-year increase undershooting market expectations and recording its lowest reading since February 2021.

A second major theme of September was the broadening and continuation of the global rate-cutting cycle, with major central banks lowering borrowing costs as growth concerns mount and inflation pressures ebb. The European Central Bank (ECB) cut rates in mid-September on tepid growth and further falls in inflation. Preliminary inflation data for September from several of the Eurozone's major economies was weaker than expected, with the annual rate in France falling to 1.2% (the lowest level since July 2021) and dropping to 1.5% from 2.3% in August for Spain.

### **Quarter four 2024**

Markets ended the year in a more cautious mood, as investors scaled back expectations for the Federal Reserve's pace of rate cuts after a hawkish December policy meeting. The MSCI All Country World and the S&P 500 lost 1.6% and 2.4%, respectively, in the final month of the year.

Despite the retreat in December, global stocks returned 20.7% for 2024 overall. The gains were led by the S&P 500, with a return of 25%. This was the second consecutive year in which the index advanced more than 20%, with US large cap stocks delivering their best two-year performance this century.

Markets have been supported by a combination of progress in bringing inflation back to central bank targets, monetary easing, the strength of the US economy, and optimism over the commercialization of artificial intelligence (AI). The importance in AI in driving equity gains was underlined by a 50.5% advance in the NYSE FANG+ index, which tracks the top 10 most-traded US technology companies.

Without taking any single-name views, shares in NVIDIA, the chipmaker that became the main focus of enthusiasm over Al, gained 171.2% after a 238.9% rise in 2023. An equal-weighted version of the S&P 500, which dilutes the impact of the megacap tech firms, gained 13%.

Treasury markets faced headwinds in December, after the Federal Reserve pointed to a slower pace of easing for 2025 at its final policy meeting of the year. That capped a volatile year of trading in US government bonds, amid shifting market expectations over the speed and extent of Fed rate cuts. The yield on the 10-year US Treasury, which started the year at 3.86%, ended at 4.57% - having risen as high as 4.7% in April and as low as 3.62% in September on a closing basis. The 10-year US Treasury yield has now moved up for four consecutive years for the first time since the 1980s.

For 2024 overall, the highest returns were in US and Euro high yield credit, with returns of 8.2% and 8.6% respectively. Investment grade bonds also produced positive returns. The Bloomberg US Credit index returned 2% in 2024 and its Euro counterpart delivered 4.7%.

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF UBS (IRL) ETF PLC

#### Report on the audit of the financial statements

#### **Opinion**

We have audited the financial statements of UBS (IrI) ETF plc ('the Company') for the year ended 31 December 2024, which comprise the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, Statement of Cashflows and notes to the financial statements, including the material accounting policy information out in note 1. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 December 2024 and of its profit for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard as applied to public interest entities issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the Company's ability to continue to adopt the going concern basis of accounting included:

- Confirming our understanding of management's going concern assessment process and also engaged with management to understand the key factors which were considered in their assessment;
- Obtaining management's going concern assessment, which covers at least 12 months from the date of approval of the financial statements;

- Reviewing and evaluating the reasonability of the key factors considered by management in making their assessment of going concern including consideration of the availability of liquid assets to meet ongoing operational costs and known future capital activity in the Company. In assessing these, we obtained and reviewed the liquidity terms which the Company offers to investors together with reviewing post year-end capital activity and enquiring of management as to whether there are any subsequent events, including performance, that might give rise to conditions which could lead management to discontinue the operations of the Company.
- Reviewing the Company's going concern disclosures included in the annual report in order to assess that the disclosures were appropriate and in conformity with the reporting standards.

#### Conclusion

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

#### **Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Risk	Our response to the risk	Key observations communicated to the Board of Directors
Existence of Financial assets and Financial Liabilities at fair value through profit or loss	We obtained the listing of financial assets and financial liabilities at fair value through profit or loss as at 31 December 2024 from the administrator.	
We have considered existence of financial assets at fair value through profit or loss (with a fair value of USD 38,124,127,945 (2023: USD 23,083,335,753)) and financial liabilities at fair value through profit or loss (with a fair value of (USD 152,131,889) (2023: (USD 26,452,092))) as a key audit matter as it is a key driver of the Company's performance and net asset value.  Refer to Note 3 in the financial statements.	We assessed the reasonableness of the existence for all financial assets and financial liabilities at fair value through profit or loss by:  • obtaining an understanding and evaluating the key controls that have been implemented over the reconciliation process for financial assets and financial liabilities at value through profit or loss. This includes obtaining the service auditor's report of the administrator and depository and identifying the key controls in place at the administrator and depository over the investment reconciliation process  • obtaining independent confirmations directly from the counterparty and depositary of each of the financial assets and financial liabilities at fair value through profit or loss held at year-end and investigating any material differences identified to confirm the existence of these financial assets and financial liabilities at fair value through profit or loss.	

#### **Key audit matters (continued)**

Risk	Our response to the risk	Key observations communicated to the Board of Directors
Valuation of Financial assets and Financial Liabilities at fair value through profit or loss  We have considered valuation of financial assets at fair value through profit or loss (with a fair value of USD 38,124,127,945 (2023: USD 23,083,335,753)) and financial liabilities at fair value through profit or loss (with a fair value of (USD 152,131,889) (2023: (USD 26,452,092))) as a key audit matter as it is a key driver of the Companys' performance and net asset value.  Refer to Note 1 and Note 3 in the financial statements.	profit or loss as at 31 December 2024 from the administrator.	No issues have been noted from the performance of our procedures over this key audit matter.

#### Our application of materiality

We apply the concept of materiality in planning and performing the audit, in evaluating the effect of identified misstatements on the audit and in forming our audit opinion.

#### Materiality

The magnitude of an omission or misstatement that, individually or in the aggregate, could reasonably be expected to influence the economic decisions of the users of the financial statements. Materiality provides a basis for determining the nature and extent of our audit procedures.

We determined materiality for the Company to be 0.5% (2023: 0.5%) of each sub-fund's Net Asset Value. We believe that Net Asset Value provides us with appropriate measurement basis since the users of the financial statements may focus more on this than on earnings.

During the course of our audit, we reassessed initial materiality and made no changes to it.

#### Performance materiality

The application of materiality at the individual account or balance level. It is set at an amount to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality.

On the basis of our risk assessments, together with our assessment of the Company's overall control environment, our judgement was that performance materiality was 75% of our planning materiality (2023: 75%). We have set performance materiality at this percentage due to our knowledge of the Company's industry.

#### Reporting threshold

An amount below which identified misstatements are considered as being clearly trivial.

We agreed with the Board of Directors that we would report to them all uncorrected audit differences in excess of 5% (2023: 5%) of our defined materiality, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds.

We evaluate any uncorrected misstatements against both the quantitative measures of materiality discussed above and in light of other relevant qualitative considerations in forming our opinion.

#### An overview of the scope of our audit report

#### Tailoring the scope

Our assessment of audit risk, our evaluation of materiality and our allocation of performance materiality determine our audit scope for the Company. This enables us to form an opinion on the financial statements. We take into account size, risk profile, the organisation of the Company and effectiveness of controls, including controls and changes in the business environment when assessing the level of work to be performed. All audit work was performed directly by the audit engagement team.

#### Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### Opinions on other matters prescribed by the Companies Act 2014

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

In addition we report, in relation to information given in the Corporate Governance Statement within the Directors' report in the Financial Statements, that:

- based on knowledge and understanding of the company and its environment obtained in the course of our audit, no material misstatements in the information identified above have come to our attention;
- based on the work undertaken in the course of our audit, in our opinion:
  - the description of the main features of the internal control and risk management systems in relation to the process for preparing the financial statements, are consistent with the financial statements and have been prepared in accordance with the Companies Act 2014; and
  - the Corporate Governance Statement contains the information required by the Companies Act 2014.

#### Matters on which we are required to report by exception

Based on the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

#### Respective responsibilities

#### Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on pages 19-20, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### Explanation to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud, that could reasonably be expected to have a material effect on the financial statements. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. In addition, the further removed any non-compliance is from the events and transactions reflected in the financial statements, the less likely it is that our procedures will identify such non-compliance. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the Company and management.

#### Our approach was as follows:

We obtained an understanding of the legal and regulatory frameworks that are applicable to the Company and determined that the most significant are the Companies Act 2014, the Undertaking for Collective Investment in Transferable Securities pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 and the Central Bank (Supervision And Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

We understood how the Company is complying with those frameworks by updating our understanding of the adequate system of internal control in place. We also considered the existence of independent service providers, proper segregation of duties and the regulated environment in which the Company operates, which may reduce opportunities for fraud to take place.

We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by management override of controls.

Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved inquiries to those charged with governance into possible instances of non-compliance with laws and regulations, review of board meeting minutes during the year and obtaining representation from the management.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: <a href="http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description\_of\_auditors\_responsibilities\_for\_audit.pdf">http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description\_of\_auditors\_responsibilities\_for\_audit.pdf</a>. This description forms part of our auditor's report.

#### Other matters which we are required to address

We were appointed by the Directors on 11 November 2021 to audit the financial statements for the year ending 31 December 2021 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 4 years.

The non-audit services prohibited by IAASA's Ethical Standard were not provided to the Company and we remain independent of the Company in conducting our audit.

Our audit opinion is consistent with the additional report to the board of directors.

#### The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report,

Lisa Kealy

Lin Weal
