Interim management report

The directors (the "Directors") present their interim report and the condensed unaudited interim financial statements of DB ETC plc (the "Company") for the half year ended 30 June 2025.

Principal activities and business review

The Company was incorporated on 06 August 2009 as a public limited liability company in Jersey under the Companies (Jersey) Law 1991 with registration number 103781.

The principal activity of the Company, under the Secured ETC Precious Metal Securities Programme (the "**Programme**"), is to issue from time to time series (each a "**Series**") of secured precious metal linked securities (the "**ETC Securities**"), where recourse in respect of each Series is limited to the proceeds of enforcement of the security over each respective Series' assets.

With respect to each Series of ETC Securities, the Company's main assets are its holdings of underlying Precious metals (the "**Precious metals**") and its interests under the related balancing agreement (the "**Balancing Agreement**"). The obligations of the Company under the ETC Securities of a Series will be secured in favour of the Trustee by an assignment by way of security of all the Company's rights, title, interest and benefit present and future against the secured account custodian (the "**Secured Account Custodian**"), the subscription account custodian (the "**Subscription Account Custodian**") and any sub-custodian (the "**Sub-Custodian**") relating to the underlying metal in respect of this Series of ETC Securities.

The net proceeds from the issue of a Series of ETC Securities are used to purchase an amount of metal which, in accordance with the custody agreement (the "**Custody Agreement**") for secured accounts will, to the extent possible, be allocated to physical metal bars or other metal shapes and be held in the secured allocated account. Any remaining metal is held in the secured unallocated account. Such underlying metal is used to meet the Company's obligations under the relevant Series of ETC Securities and the relevant Balancing Agreement.

The ETC Securities issued are listed on various exchanges including London Stock Exchange, Swiss Stock Exchange, XETRA, Borsa Italiana and Euronext Dublin.

Key performance indicators

The Company is a Special Purpose Vehicle (the "**SPV**") whose sole business is the issue of asset-backed securities. The Company has established a programme for the issue of ETC Securities whose return is linked to the performance of a specified Precious metal: either gold, silver, platinum, or rhodium. Each series of ETC Securities will be separate (or 'ring-fenced') from each other series of ETC Securities. The best benchmark is the price of the relevant metal in which the proceeds of the ETC Securities are invested in. For all Series, the performance closely follows the movement in the metal linked to the Series.

The Directors confirm that the key performance indicators as disclosed below are those that are used to assess the performance of the Company.

During the half year ended:

- the Company made a profit of EUR nil (30 June 2024: EUR nil);
- the net fair value gain on Precious metals held by the Company at fair value and Precious metals due from Deutsche Bank AG, London Branch (the "**Programme Counterparty**") at fair value amounted to EUR 555,670,658 (30 June 2024: EUR 589,636,550);
- the net fair value loss on financial liabilities designated at fair value through profit or loss amounted to EUR 555,670,658 (30 June 2024: EUR 589,636,550); and

As at 30 June 2025:

- the Company's total ETC Securities issued had a fair value of EUR 4,216,526,672 (31 Dec 2024: EUR 3,356,883,069);
- the Company has invested in Precious metals with a fair value of EUR 4,182,549,706 (31 Dec 2024: EUR 3,350,758,394);
- Precious metals with a value of EUR 33,976,966 (31 Dec 2024: EUR 6,124,675) was due to the Company from the Programme Counterparty under the terms of the Balancing Agreement; and
- the net assets were EUR 30,002 (31 Dec 2024: EUR 30,002).

Significant events

There have been no significant events that require disclosure to the condensed unaudited interim financial statements.

DB ETC plc**Page 3****Interim management report (continued)****Future developments**

The Directors expect that the present level of activity will be sustained for the foreseeable future. The board of Directors of the Company (the "**Board**") will continue to seek new opportunities for the Company and will continue to ensure proper management of the current portfolio of Series of the Company.

Going concern

The Company's condensed unaudited interim financial statements for the half year ended 30 June 2025 have been prepared on a going concern basis. Each Series of ETC Securities is referenced to a specific asset and any loss derived from the asset will be ultimately borne by the relevant ETC Securityholders. The Directors anticipate that assets are readily realisable and hence, will continue to generate enough cash flows on an ongoing basis to meet the financial liabilities as they fall due. The ETC Securities in issue as at 30 June 2025 have final maturities ranging from 2060 to 2061. Therefore, for these reasons, the Directors believe that the going concern basis is appropriate. The Directors do not foresee any material redemptions in the next 12 months that would trigger going concern issues.

Business risks and principal uncertainties

The Company is subject to various risks. The key risks facing the Company relate to their use of financial instruments and other risks (i.e. market risk, credit risk, liquidity risk, operational risk, climate risk and geopolitical risk) arising from the Precious metals which are set out in note 14 to the financial statements.

Climate risk

The Directors acknowledge that climate change is an emerging risk impacting the global economy and will continue to be of interest to all stakeholders with a focus on how climate change is expected to impact the operations of the precious metals industry in areas such as mining, processing, warehousing, transportation, societal response and the regulatory environment in the future.

Geopolitical Risk

The business of the Company may be affected by factors that are beyond the Company's control, such as geopolitical, economic and business conditions. Current conflicts and possible outbreaks elsewhere in the world may lead to instability in certain regions together with sanctions being imposed against certain countries, companies and/or individuals which could have an adverse economic impact.

However, having considered such factors relating to climate and geopolitical changes, the Directors have determined that there are no direct or immediate impacts of climate and geopolitical changes on the business operations of the Company. Further details are provided in note 14 to the financial statements.

Results and dividends for the period

The results for the period are set out on page 5. The Directors do not recommend the payment of a dividend for the period under review (30 June 2024: nil).

Changes in Directors, Secretary and Registered Office

There has been no change in Directors, Secretary and Registered Office during the period.

Directors, Secretary and their interests

None of the Directors or the Secretary who held office on 30 June 2025 held any shares or ETC Securities in the Company at that date, or during the period. There were no contracts of any significance in relation to the business of the Company in which the Directors had any interest. As disclosed in note 17, Related Party Transactions, Marc Harris, a director of the Company is an employee of an affiliate company of the administrator and Visdirect Services Limited and Viscom Services Limited are affiliates of the administrator. See note 17 for full details of the relationships entered into between the Company and its related parties.

Shares and shareholders

The authorised share capital of the Company is GBP 10,000 divided into 10,000 limited shares of GBP 1 each (the "**Shares**") of which 2 are issued and fully paid and are directly or indirectly held by Vistra Nominees I Limited and Vistra Nominees II Limited (the "**Share Trustees**") under the terms of a declaration of trust (the "**Declaration of Trust**") under which the Share Trustees hold the benefit of the shares on trust for charitable purposes. There are no other rights that pertain to the shares and the shareholders.

Subsequent events

Subsequent events are disclosed under note 21 to the condensed unaudited interim financial statements.

Responsibility statement

The Directors are responsible for preparing the management report and the condensed unaudited interim financial statements in accordance with applicable law and regulations. The Directors confirm that, to the best of their knowledge:

- the condensed unaudited interim financial statements, which have been prepared in accordance with applicable accounting standards, give a true and fair view of the assets, liabilities, financial position and results of the Company; and
- the interim management report includes a fair review of:
 - important events that have occurred during the first six months of the year;
 - the impact of those events on the condensed financial statements; and
 - a description of the principal risks and uncertainties for the remaining six months of the financial year.

The Directors further indicate that such condensed unaudited interim financial statements for the half year ended 30 June 2025 have not been audited.

DB ETC plc**Page 9****Notes to the condensed unaudited interim financial statements
For the half year ended 30 June 2025****1 General information**

The Company was incorporated on 6 August 2009 as a public limited company in Jersey under the Companies (Jersey) Law 1991, as amended, with company number 103781.

The principal activity of the Company, under the Programme, is to issue from time to time Series of the ETC Securities, where recourse in respect of each Series is limited to the proceeds of enforcement of the security over each respective Series' assets.

With respect to each Series of ETC Securities, the Company's main assets are its holdings of underlying metal and its interests under the Balancing Agreement. The obligations of the Company under the ETC Securities of a Series will be secured in favour of the Trustee by an assignment by way of security of all the Company's rights, title, interest and benefit present and future against the Secured Account Custodian, the Subscription Account Custodian and any Sub-Custodian relating to the underlying metal in respect of this Series of ETC Securities.

The net proceeds from the issue of a Series of ETC Securities are used to purchase an amount of metal which, in accordance with the Custody Agreement for secured accounts will, to the extent possible, be allocated to physical metal bars or other metal shapes and be held in the secured allocated account. Any remaining metal is held in the secured unallocated account. Such underlying metal is used to meet the Company's obligations under the relevant Series of ETC Securities and the relevant Balancing Agreement.

The ETC Securities issued are listed on various exchanges including London Stock Exchange, Swiss Stock Exchange, XETRA, Borsa Italiana and Euronext Dublin.

2 Basis of preparation

The condensed unaudited interim financial statements for the half year ended 30 June 2025 have been prepared in accordance with International Accounting Standard (IAS) 34 'Interim Financial Reporting'. The condensed unaudited interim financial statements should be read in conjunction with the audited annual financial statements for the year ended 31 December 2024 and the condensed unaudited interim financial statements for the half year ended 30 June 2024.

3 Significant accounting policies

The same accounting policies, presentation and methods of computation are followed in these condensed unaudited interim financial statements as were applied in the preparation of the Company's audited financial statements for the year ended 31 December 2024.

The ETC Securities issued are listed on various exchanges including London Stock Exchange, Swiss Stock Exchange, XETRA, Borsa Italiana and Euronext Dublin. Refer to note 14 to the financial statements for a description of the key risks regarding the issue of these instruments. The Company's obligations under the financial liabilities issued are secured by the precious metals as per note 9 to the financial statements. The investors' recourse per Series is limited to the assets of that particular Series. The Series have an option for early redemption.

The non-cash transactions relate to physical delivery of ETC Securities to meet the redemption requests on debt financial liabilities or as payment for subscriptions.

The financial liabilities in issue at 30 June 2025 are as follows:

As at 30 June 2025 and 31 December 2024, the ordinary share capital was held by the following non-beneficial nominees:

30-Jun-25**GBP**11

Vistra Nominees I Limited

Vistra Nominees II Limited

22

The authorised share capital of the Company is GBP 10,000, out of which 2 ordinary shares have been issued and fully paid. The nominees have no beneficial interest in and derives no benefit from its holding of the shares. There are no other rights that pertain to the shares and the shareholders.

13 Capital risk management

The Company is a special purpose vehicle set up to issue ETC Securities for the purpose of making investments as defined under the programme memorandum and in each of the Series memorandum agreements. Share capital of GBP 2 was issued in line with Jersey Company Law and is not used for financing the investment activities of the Company. The Company is not subject to any other externally imposed capital requirements.

Notes to the condensed unaudited interim financial statements (continued)
For the half year ended 30 June 2025

14 Financial risk management

Risk management framework

The Company, and ultimately the holders of the ETC Securities, have exposure to the following risks from its use of financial instruments:

- (a) Market risk;
- (b) Credit risk;
- (c) Liquidity risk;
- (d) Operational risk;
- (e) Climate risk; and
- (f) Geopolitical risk.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing these risks. Given the nature of the Company's activities, risk management disclosures for Precious metals at fair value and Precious metals due from Programme Counterparty have been included alongside the the Company's financial instruments.

(a) Market risk

Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. The ETC Securityholders are exposed to the market risk of the financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate as a result of a change in interest rates. The ETC Securities, the Precious metal due from the Programme Counterparty and the Precious metals do not bear interest. As such, the Company and ETC Securityholders have limited exposure to interest rate risk.

(ii) Currency risk

Currency risk is the risk which arises where the assets and liabilities of the Company are denominated in currencies other than its functional currency. As at 30 June 2025, the Company is exposed to assets and liabilities denominated in US Dollars ("USD") and Pound Sterling ("GBP").

The Company is not exposed to net currency risk since the foreign exchange movements in its financial liabilities will be offset by the foreign exchange movements in its Precious metals. Any net foreign currency risk is borne by the ETC Securityholders.

The following exchange rates have been applied during the period:

	Closing rate		
	30-Jun-25	31-Dec-24	30-Jun-24
USD-EUR	0.84840	0.96590	0.93340
GBP-EUR	1.16510	1.20850	1.18010

	Average rate - period ended		
	30-Jun-25	31-Dec-24	30-Jun-24
USD-EUR	0.91593	0.92450	0.92496
GBP-EUR	1.18742	1.18140	1.17023

The impact of changes in foreign exchange rates on the Precious metals at fair value is offset by the impact of foreign exchange rate changes on the financial liabilities. Therefore any change in the exchange rates would have no net effect on the equity or the profit or loss of the Company.

(iii) Price risk

Price risk is the risk that changes in market prices of metals will affect the Company's income, expense, Precious metals and financial liabilities designated at fair value through profit or loss. The Company's liabilities are exposed to the market prices of the metals. However, the risk is mitigated by the Company holding quantities of physical Precious metals equivalent to the weight of metal entitlement for each Series of ETC Securities issued.

When a shortfall of Precious metal occurs, the shortfall is made up, in accordance with the terms of the Balancing Agreement, through a balance of Precious metal being due from the Programme Counterparty. Accordingly, the ETC Securityholders are exposed to the market price risk of their metal entitlement under the ETC Securities.

Any changes in the metal spot prices on the Precious metals held by the Company would not have any net effect on the equity or the profit or loss of the Company since changes in the fair value of Precious metals or in the balance of Precious metal due from the Programme Counterparty would be offset by corresponding changes in the fair value of the ETC Securities and as such any price risk is ultimately borne by the ETC Securityholders.

Notes to the condensed unaudited interim financial statements (continued)
For the half year ended 30 June 2025

14 Financial risk management (continued)

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations. The Company's principal financial assets are cash and cash equivalents, other receivables and Precious metal due from the Programme Counterparty which represents the Company's maximum exposure to credit risk. All credit risks are ultimately borne by the ETC Securityholders.

(c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its obligations as they fall due. The Company limits its exposure to liquidity risk given the Company's ability to realise the Precious metals in cash and the Precious metals held by each series match the securities issued and redemptions made. The ultimate amount repaid to the ETC Securityholders is limited in recourse to the proceeds from the Precious metals. All liquidity risk associated with the Precious metals are ultimately borne by the ETC Securityholders.

(d) Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes and infrastructure, and from external factors other than credit, markets and liquidity issues such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour.

Operational risks arise from all of the Company's operations. The Company was incorporated with the purpose of engaging in those activities outlined in note 1 to the financial statements. All administration functions are undertaken by Vistra Fund Services Limited. Deutsche Bank AG, London Branch acts as the Company's Lead Authorised Participant, Arranger, Metal Agent, Issuing and Paying Agent and Programme Counterparty.

(e) Climate risk

The Directors acknowledge that climate change is an emerging risk impacting the global economy and will continue to be of interest to all stakeholders with a focus on how climate change is expected to impact the operations of the precious metals industry in areas such as mining, processing, warehousing, transportation, societal response and the regulatory environment in the future. However, having considered such factors relating to climate change, the Directors have determined that there are no direct or immediate impacts of climate change on the business operations of the Company. Given this, there is no basis on which to provide extended information of analysis relating to climate change risks on the business operations of the Company. Furthermore, the Directors conclude that at present there is no material impact to the fair value of financial instruments, assets and liabilities of the Company. The Directors recognise that governmental and societal responses to climate change risks are still developing and the future impact cannot be predicted. Therefore, the future fair value of assets and liabilities may fluctuate as the market responds to climate change policies, physical events and changes in societal behaviours.

(f) Geopolitical risk

The business of the Company may be affected by factors that are beyond the Company's control, such as geopolitical, economic and business conditions. Current conflicts and possible outbreaks elsewhere in the world may lead to instability in certain regions together with sanctions being imposed against certain countries, companies and/or individuals which could have an adverse economic impact. However, having considered such factors relating to geopolitical change, the Directors have determined that there are no direct or immediate impacts of geopolitical change on the business operations of the Company. Given this, there is no basis on which to provide extended information of analysis relating to geopolitical change risks on the business operations of the Company. Furthermore, the Directors conclude that at present there is no material impact to the fair value of financial instruments, assets and liabilities of the Company.

15 Fair values

The Company's assets and liabilities at fair value through profit or loss are carried at fair value in the Statement of financial position.

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

- Level 1: Quoted market price in an active market for an identical instrument.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The objective of valuation techniques is to arrive at a fair value determination that reflects the price of the financial instrument at the reporting date that would have been determined by market participants acting at arm's length.

The Company does not have any assets or liabilities at level 3. Precious metals at fair value and Precious metals due from the Programme Counterparty, remained unchanged at level 1 and Rhodium at level 2 during the half year ended 30 June 2025. Financial liabilities remained unchanged at level 2.

Notes to the condensed unaudited interim financial statements (continued)
For the half year ended 30 June 2025

- 16

Operating expenses

All costs associated with the Company are paid by the arranger (the "Arranger").
- 17

Related Party Transactions and connected parties

Visdirect Services Limited and Viscom Services Limited act solely in the capacity as Directors of Jersey companies, pursuant to the Companies (Jersey) Law 1991, as amended. Visdirect Services Limited and Viscom Services Limited are both part of the Vistra group of companies. No fee was charged or paid to the Vistra Group during the period under review by the Company for the provision of Directors. All expenses of the Company are borne by Deutsche Bank AG, London Branch, as Arranger, including fees paid to Vistra.

Product fees incurred for the half year ended 30 June 2025 due to the Arranger amounted to EUR 8,359,429 (31 December 2024: EUR 15,736,476). No amount was payable as at 30 June 2025 (31 December 2024: EUR nil).

Marc Harris, a Director of the Company is an employee of an affiliate company of the administrator and Visdirect Services Limited and Viscom Services Limited are affiliates of the administrator.

Deutsche Bank AG, London Branch, as Programme Counterparty, entered into a Balancing Agreement with the Company. The Programme Counterparty will provide deliveries of Precious metals to reflect deductions of fees and other rebalancing adjustments. Precious metal due from the Programme Counterparty amounting to EUR 33,976,966 (31 December 2024: EUR 6,124,675) were outstanding as at 30 June 2025.

Authorised participants are the only entities allowed to buy and sell ETC securities directly from and to the Company. Deutsche Bank AG, London Branch acts as the Lead Authorised Participant. As at 30 June 2025, the number of ETC Securities held by the Lead Authorised Participant was 3,408 units (EUR 927,787) (31 December 2024: 3,382 units (EUR 821,518)).
- 18

Ultimate controlling party

The Directors of the Company consider Vistra Corporate Services Limited as trustee of the DB ETC Charitable Trust (the beneficial owner of the issued share capital of the Company) to be the ultimate controlling party of the Company.
- 19

Key management personnel

The key management personnel have been identified as being the Directors of the Company.

Marc Harris is an employee of Vistra (Jersey) Limited during the period ended 30 June 2025. His emoluments are paid by Vistra Fund Services Limited and other related entities and no recharge is made to the Company. It is therefore not possible to make a reasonable apportionment of his emoluments in respect of the Company.
- 20

Comparatives

In line with IAS 34, the comparative information for the condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows are for the half year ended 30 June 2024 and the comparative information for the statement of financial position is as at 31 December 2024.
- 21

Subsequent events

There have been no significant events that require disclosure to the condensed unaudited interim financial statements since the period end and up to the date of approving the interim report.
