Key Risks

The value of your investment may go down as well as up and past performance does not predict future returns. Investor capital may be at risk up to a total loss. The value of an investment in shares will depend on a number of factors including, but not limited to, market and economic conditions, sector, geographical region and political events. The Fund is exposed to market movements in a single country or region which may be adversely affected by political or economic developments, government action or natural events that do not affect a fund investing in broader markets.

About Xtrackers by DWS

DWS Xtrackers Exchange Traded Funds (ETFs) initially launched in 2007 as a specialist in swap-based index replication. Following a period of rapid growth, the Xtrackers ETF platform subsequently evolved into one of Europe’s largest providers of physical replication ETFs. We have continually developed our ETFs to provide investors with a comprehensive set of quality investment tools for efficient portfolio allocation.

Today Xtrackers ETFs are listed on eleven stock exchanges globally and have over EUR 249 billion¹ in assets under management (AUM) making Xtrackers the largest European-headquartered provider of ETFs by AUM².

There are over 230 Xtrackers ETFs available, covering a wide range of asset classes and investment exposures.

Xtrackers central tenet is to provide a broad range of efficient, high quality index trackers for our investors.
