**Investment objective:** To achieve a return in excess of the benchmark by investing opportunistically in an unconstrained portfolio of debt securities and currencies, using derivatives where appropriate.

**Investment approach**

- Uses a globally integrated research driven investment process that focuses on analysing fundamental, quantitative and technical factors across countries, sectors and issuers.
- Uses an unconstrained approach to find the best investment ideas across multiple fixed income sectors and countries, with a focus on generating long-term total returns.
- Dynamically shifts among sectors and countries and adjusts duration depending on market conditions.
